The President

Presented a communication from Strickland Kneass, Chief Engineer and Surveyor, in answer to resolution of Council, entitled "Resolution relative to a certain landing at the foot of Cumberland street." (*Appendix No. 21.*)

Which was read and referred to the Committee on Wharves and Landings.

Also,

Petition of Jesse Godley, asking that culvert on Almond street, Fourth Ward, be continued to the southwest corner of Almond and Swanson streets.

Which was referred to the Committee on Surveys.

Mr. Allen,

Communication from residents and owners of property on Filbert street east of Thirty-eighth street, in the Twenty-fourth Ward, asking that water pipe be laid on said street.

Which was read and laid on the table.

And, (on leave,)

Offered the following, to wit:

Resolution to lay water pipe on Filbert street east of Thirty-eighth street, Twenty-fourth Ward. (*Appendix No. 22.*)

The resolution was twice read and agreed to.

The title was agreed to.

The following message was received from the Mayor, returning with his objections the bill, entitled "An Ordinance supplementary to an Ordinance, entitled 'An Ordinance to locate Steam Fire Engines.'"

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *July 10th, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN :—Any addition to the number of Steam Fire Engines now in service, unless in rural districts, will, in my judgment, prove disadvantageous to the public interests, by tending to weaken the effectiveness of the Fire Department, and by increasing its annual expenses; and I have therefore returned, without my assent, the bill authorizing the Spring Garden Hose Company to procure a steam fire engine.

Respectfully,

ALEXANDER HENRY.

Mayor of Philadelphia.

The message, together with the bill, was again read.

Mr. Marcer

Moved that the further consideration of the bill be postponed for the present.

Which was agreed to.

Also,

The following message, returning, with his objections, a bill entitled "An Ordinance supplementary to an Ordinance entitled 'An Ordinance to locate Steam Fire Engines.'"

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *July 10th, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—My signature has been withheld from the accompanying bill by which it is proposed to authorize the Reliance Fire Engine Company to procure a steam fire engine.

At the beginning of the year, the Fire Department comprised thirty-nine steam engines,—a force more than ample for any conflagration that can occur in this city, and so large as to impair its efficiency. The proposed addition of two steam engines (the one in question and the Spring Garden Hose Company) will increase the annual expenditure of the Department for this service alone to more than eighty thousand dollars.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The message, together with the bill, was again read.

Mr. Marcer

Moved that the further consideration of the bill be postponed for the present.

Which was agreed to.

Also,

The following message, returning with his objections, a

bill, entitled "Resolution to change the place of holding elections in the Seventh Division of the First Ward."

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *July 10, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—I return the bill entitled a "Resolution to change the place of holding elections in the Seventh Division of the First Ward" without my signature--representations having been made to me that the location therein specified will not suit the convenience or accord with the preference of the probable majority of the voters in such precinct.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The message, together with the bill, was again read. .

Mr. Marcer

Moved to postpone the further consideration of the bill for the present.

Which was agreed to.

Also.

The following message returning with his objections the bill entitled "An Ordinance to authorize sodded enclosures upon the centre line of certain streets in the Twentieth Ward."

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *July 11, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—I return unsigned the bill entitled "An Ordinance to authorize sodded enclosures upon the centre line of certain streets in the Twentieth Ward."

The improvements proposed would doubtless adorn the streets in question, and add to the comfort of their residents--but the obstruction of public highways can only be

duly authorized by the Legislature of the State in the exercise of the right of eminent domain.

These streets have been dedicated to public use—the right of uninterrupted passage belongs to every citizen and can only be restricted or taken away by the supreme authority of the State.

The title of the bill is incorrect, as the locality which it designates is mainly in the Twenty-first Ward.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The message, together with the bill, was again read.

Mr. Simpson

Moved that the further consideration of the bill be postponed for the present.

. Which was agreed to.

Also,

The following message returning with his objections the resolution entitled “Resolution to authorize the paving of Forty-first, Twenty-fourth and Wildey streets, Eighteenth Ward.”

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *July 13, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—The bill entitled a “Resolution to authorize the paving of Forty-first, Twenty-fourth, and Wildey streets, Eighteenth Ward,” has not received my signature, and is herewith returned. It is represented that a majority of the owners of property on Forty-first street between the points proposed to be paved, who are likewise owners of the larger number of feet fronting on such line, are opposed to the projected measure, owing to the unnecessary expense that will be devolved upon them, as such paving is not in their estimation required for general convenience. It is to be regretted that the practice of comprising two or more measures totally unconnected with each other in the same

proposed legislative act, should, in this instance, tend to postpone the paving of Wilkey street, in the Eighteenth Ward, to which no objection has been alleged.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The message, together with the resolution, was again read.

The question being "Shall the bill pass, notwithstanding the objections of the Mayor?"

The yeas and nays were required, according to law, and were as follow :

YEAS—Messrs. Creswell, Simpson, and Sulger—3.

NAYS—Messrs. Allen, Armstrong, Billington, Brady, Bumm, Colehower, Derbyshire, Earnest, Evans, Fox, Gill, Hallowell, Hancock, Harper, Harrison, Krupp, Little, Mac-tague, Marcer, Miller, Nickels, Peale, Schafer, Stanton, Taylor, Vankirk, Vogelbach, Willits, and Stokley. *Pres't*—29.

Two-thirds not voting in the affirmative

It was not agreed to.

Also,

The following message :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *July 13th, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—I have approved and signed the following Ordinances and Joint Resolutions, to wit :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *Dec. 8, 1865.*

To the President and Members of
Common Council of the City of Philadelphia.

GENTLEMEN :

I transmit herewith a communication from the City Clerk of Chicago, giving an extract from the minutes of the Common Council of that City, at a meeting held October 2, 1865, relative to the municipal courtesies shown the visitors from such Council.

Respectfully,
ALEXANDER HENRY,
Mayor of Philadelphia.

CITY CLERK'S OFFICE,
CHICAGO, *Nov. 27th, 1865.*

SIR :

I have the honor to transmit the following extract from the proceedings of the Common Council, at a meeting held on the 2nd day of October, 1865 :

"Ald. Shimp offered the following preamble and resolutions which were unanimously adopted :

WHEREAS, A portion of this Council with certain City Officers, have as a delegation from the City of Chicago recently visited, on a tour of observation, the cities of Detroit, Toronto, Brooklyn, New York, Philadelphia and Baltimore, and have by the corporate authorities of said cities been generously and hospitably entertained : Therefore be it

Resolved, That the thanks of the Common Council of the

City of Chicago be, and the same are hereby tendered to the corporate authorities of said cities, for the kind attentions shown, and the hospitalities extended to said delegation, as well as for the valuable information to them imparted.

Resolved, That we most highly appreciate the alacrity with which the representatives of the above named cities hastened to impart information respecting their public institutions and other matters of interest, and in every way to aid our delegation in their observations; and we are proud of such a recognition of Chicago abroad.

Resolved, That the City Clerk is hereby instructed to forward a copy of the foregoing, to the Mayor of each of the above named cities.

Very Respectfully,

A. H. BOERMAN,

APPENDIX No. 1.

RESOLUTION

To change the place of holding elections in the Seventh division of the First Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That hereafter the elections in the Seventh Division of the First Ward shall be held at the house of Michael M. Farley, at the corner of Passyunk road and Moore streets: the house heretofore used being unsuitable, and no longer available for election purposes.

APPENDIX No. 2.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred a “Resolution to release a certain property of Lane Schofield from the lien of a certain judgment,” report the same back, and recommend its passage.

RESOLUTION

To release a certain property of Lane Schofield from the lien of a certain judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Solicitor is directed to release from the lien of the judgment entered on the official bond of James C. Kelch, late Receiver of Taxes [D. C. D. S. B.

December, 1862. 9], the following described property of Lane Schofield, that is to say: "A certain lot or piece of ground, with the improvements thereon, situate on the east side of Thirteenth street, at the distance of fifty-four feet and two-and-a-half inches southward from Locust street; containing in front, or breadth, on the said Thirteenth street, seventeen feet and eleven inches, and in length or depth eastward one hundred and twenty-three feet to a five-feet wide alley, leading into and from the said Locust street:" *Provided*, That the co-sureties of the said Lane Schofield shall agree thereto, and that the sum of ten dollars be paid the Solicitor for the use of the City, to defray the expense incurred in the publication of this resolution.

APPENDIX No. 3.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred a "Communication from Eli K. Price and Joseph B. Townsend, executors of Edward S. Burd, Esq., deceased, asking to be reimbursed the sum of one hundred and twenty-two dollars and fifty cents, which they had paid for the leveling off the fortification, constructed by the City on certain premises, corner of Chestnut street and Woodland street," respectfully report that they found, upon examination, that the moat surrounding the fort constructed at the corner of Chestnut street and the Darby road had become filled with stagnant water, and was likely to become prejudicial to the health of the neighborhood: that the parties notified the Mayor that they proposed to remove the earth in the fortifications to fill up this ditch, and no objections being made, the executors named carried out their intention; and the cost thereof, which appears to be moderate, amounted to one hundred and twenty-two dollars and fifty cents.

The parties have not claimed damages or asked compensation for the use of the land of the said decedent: the Committee, therefore, report the annexed ordinance entitled, "An ordinance to pay a claim of Eli K. Price and

Joseph B. Townsend, executors of the Estate of Edward S. Burd, deceased," and recommend its passage.

July 6, 1865.

AN ORDINANCE

To pay a claim of Eli K. Price and Joseph B. Townsend, Executors of Edward S. Burd, deceased.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one hundred and twenty-two dollars and fifty cents is hereby appropriated to pay Eli K. Price and Joseph B. Townsend, executors of Edward S. Burd, deceased, for leveling off the fortification constructed by said City on certain premises belonging to the said estate situate at the corner of Chestnut street and Woodland street, in the Twenty-fourth Ward: *Provided*, That the City shall be at no expense for any damages which may have accrued, or compensation, for the use of said lands; and the warrant therefor shall be drawn by the Clerks of Councils.

APPENDIX No. 4.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance, to whom was referred a "Communication from the Commissioners for the erection of a Municipal Hospital, asking for an additional appropriation to pay off all demand against them," respectfully report that they considered this matter, and find that it was necessary to erect a tank to supply said hospital with water for the use of the patients; also to have placed inside-shutters to all the windows which had not been provided for in the original contract; to erect lightning-rods for the security of the building; to do considerable grading and paving on the ground enclosed; and

to grade and pave a road for ingress and egress, the hospital being inaccessible by roads. To meet this necessary expenditure, the Committee report the annexed ordinance, entitled: "A further supplement to an Ordinance to provide for the erection and management of a Municipal Hospital, approved November 24, 1852," and recommend its passage.

JOSEPH F. MARCER, <i>Ch'n</i> ,	HENRY C. HARRISON,
JAS. A. FREEMAN,	FRED. C. BRIGHTLY,
JOHN W. EVERMAN,	ALEX. J. HARPER,
JAMES F. DILLON,	JOSHUA SPERING.

July 6, 1865.

A FURTHER SUPPLEMENT

To "An Ordinance to provide for the erection and management of a Municipal Hospital," approved November 24, 1862.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the further sum of three thousand one hundred and eighty-nine dollars and fifty-one cents be and the same is hereby appropriated to pay for the completion of the Municipal Hospital, authorized to be erected by the ordinance to which this is a supplement, for the erection of a tank to supply the Hospital with water, and for the opening and grading a road for ingress and egress; and the warrants therefor shall be drawn by the Mayor.

APPENDIX No. 5.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred "A supplement to an ordinance to provide for the families of the volunteers from the City of Philadelphia in the service of the United States, approved April 22, 1861," respectfully report that they have considered the same, and are of opinion that the City should now discontinue the further payment of the relief to the families of volunteers, as provided for by ordinance approved April 22, 1861; but in order that due notice may be given to the

parties interested, they have named thirty days from the passage of the ordinance as the time when the duties of the Commission shall cease. The Committee recommend the passage of the annexed ordinance.

JOSEPH F. MARCER, <i>Ch'n</i> ,	JOHN W. EVERMAN,
JAS. A. FREEMAN,	HENRY C. HARRISON.
ALEX. J. HARPER,	JAMES F. DILLON,

JOS. MANUEL.	

RESOLUTION

To authorize the paving of Forty-first, Twenty-fourth, and Wildey streets,
Eighteenth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into contracts with competent pavers, who shall be selected by a majority of the owners of property fronting on the following streets, for the paving thereof, viz.: Forty-first street from Spruce to Woodland streets; Twenty-fourth street from South to Shippen streets; Wildey street from Palmer street to Montgomery avenue. The conditions of said contracts shall be, that the contractors shall collect the cost of said paving from the owners of property fronting on said streets, and shall also enter into an obligation to the City to keep said streets in good order for two years after the paving is finished.

APPENDIX No. 9.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Trusts and Fire, to whom was referred the petition of citizens of the First,

Second, and Twenty-sixth Wards, asking that the "Reliance Fire Engine Company" may be located as a Steam Fire Engine Company, respectfully report that after having given the subject their careful attention, together with a personal consultation with a number of the property-holders in that locality, they are of the opinion that the wants of that portion of the City demand additional protection from the ravages of fire, they therefore submit the annexed bill for your consideration, and recommend its passage.

JOHN Q. ADAMS, <i>Ch'n</i> ,	J. W. HOPKINS,
DAVID J. GRIFFITHS,	JOHN B. HAINES, M. D.

APPENDIX No. 10.

COMMITTEE ROOM, *June 29, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations present the accompanying bill, authorizing the construction of a sewer on Girard avenue, an application for the same having been made in due form to the Board of Surveyors, who have given their approval.

JOHN W. EVERMAN, <i>Ch'n</i> ,	THOS. H. GILL,
HIRAM MILLER,	ROBERT ARMSTRONG,
SAML. W. CATTELL,	JOSHUA SPERING,
THOS. A. BARLOW,	WM. A. SIMPSON.

AN ORDINANCE

To authorize the extension of the Thompson street Sewer, Twentieth Ward.

Whereas, A majority of the property owners on the line of Girard avenue, between Eighteenth and Nineteenth streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Girard avenue as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held

they authorized the construction of a sewer, in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to extend the Thompson street sewer, on the line of Girard avenue from Eighteenth to Nineteenth street, to be of brick, circular in form, with an interior diameter of four feet, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The cost of said sewer over and above the amount assessed upon the property fronting thereon, exclusive of the cost of street intersections and the legal deductions, shall be also paid by the property owners; to be reimbursed by the City in City

bonds, out of a loan hereafter to be created, for the construction of culverts and drains. The cost of street intersections and legal deductions, with the inlets and man holes, shall be paid from item 22 and 25 in ordinance to make an appropriation to the Department of Highways, &c., for the year 1865: *Provided*, The cost of street intersections and deductions, shall not exceed the sum of three hundred dollars, and the amount to be reimbursed the sum of three hundred and fifty dollars.

APPENDIX No. 11.

COMMITTEE ROOM, *July 5, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the communication of W. R. Paul, Esq., asking for privilege to construct enclosures and fountains upon certain streets, at his own expense, has received the consideration of your Committee, and also the approval of the Board of Surveyors. We believe that the proposed enclosures will add much to the beauty of that section of the City, and invite improvements of better style and greater value than would otherwise be erected, all of which would be advantageous to the City. We, therefore, submit a bill with a plan attached, and ask its adoption.

JOHN W. EVERMAN, <i>Ch'n</i> ,	THOS. H. GILL,
ROBERT ARMSTRONG,	H. A. VOGELBACH,
WM. A. SIMPSON,	THOS. A. BARLOW,
JOSHUA SPERING,	JAS. A. FREEMAN.

AN ORDINANCE

To authorize sodded enclosures upon the centre line of certain streets in the
Twentieth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it shall be lawful for the owners of property upon Eleventh, Mervine, Twelfth,

Camac and Thirteenth streets, between Berks and Diamond streets, to construct elliptical enclosures upon the centre lines of said streets, midway between Berks and Norris streets, and also midway between Norris and Diamond streets.

SEC. 2. That said enclosures shall not exceed twenty feet in width from out to out of curb at the widest part of the ellipse, nor two hundred and two feet in length upon said centre line of street: *Provided*, The said property holders dedicate to City use sufficient ground upon each side of the streets aforesaid, and in shape conforming to that of the proposed enclosures, as per plan annexed, to allow upon each side of the enclosure a carriage-way not less than fourteen feet six inches wide between curbs, and a footway of at least twelve feet wide: *And provided, further*, That said enclosures shall be curbed, sodded, surrounded with neat and substantial iron railings, and shall each contain a fountain of approved design; all of which shall be furnished and completed to the satisfaction and acceptance of the Chief Engineer and Surveyor, exclusively at the cost of the said property owners; and when so accepted, shall become the property of the City of Philadelphia.

APPENDIX No. 12.

AN ORDINANCE

To appoint a Commissioner to determine the manner of expending the appropriation of one million of dollars for supplying the City with Water.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That Frederick Graeff, B. H. Bartol, and William Sellers, be and are hereby appointed a Commission, in conjunction with the Chief Engineer of the Water Works, to superintend the arrangements and disbursing of the loan of one million of dollars, for supplying the City with water.

APPENDIX No. 16.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Claims, to whom was referred the claims of A. Smith, Dr. David Roberts, Catharine Moss and Dr. William Young, for damages to their premises on Spruce street, below Fifth street, by the bursting of a main water-pipe on Griscom street below Spruce street; also, claim of E. Littleton for the estate of A. W. Johnson for the refunding of money paid for permit to construct a drain from premises No. 1402 and 1404 Chestnut street; and claim of John Borden for the refunding of money paid for license to drain a cellar: respectfully report on claim first that the main pipe was badly laid in the year

1820, resting on a stone at each end, and thereby breaking in the center, by which the properties were overflowed; on claim second, that after Mr. Littleton had paid for the permit, it was ascertained that there was no culvert on Chestnut street; on claim third, that a warrant was drawn to pay John Borden, but, owing to not having it counter-signed, the amount appropriated merged. The Committee, therefore, submit the annexed ordinance, and recommend its passage.

APPENDIX No. 21.

PHILAD'A, *July 12, 1865.*To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN—The undersigned have received a copy of resolution relative to a certain landing at the foot of Cumberland street, and upon examination, find that an application was made by the Reading Railroad Company for an extension of several of their piers on the north of Cumberland street, and also by Messrs. I. P. Morris & Co., for authority to extend their wharf on the south. This latter application has been granted, but that of the Reading Railroad Company, so far as relates to the pier immediately adjoining Cumberland street was refused. Had both been granted the free access to the City property would have been cut off. As it now is, the northern line of wharf proposed by Messrs. I. P. Morris & Co. will overlay the City front, and in our opinion, should have been located with its outer face more southwardly, so as not to cross the City's north line extended. This change will be proposed to them, and upon their failure to agree to the proposition, an application to the Court will be made to restrain them from making the wharf as per license granted.

Respectfully submitted,

F. CARROLL BREWSTER,
City Solicitor.
STRICKLAND KNEASS,
Chief Eng. and Sur.

PREAMBLE AND RESOLUTION

To receive the Twenty-eighth and Twenty-ninth P. V. Vet. Vols.

Whereas, It has been ascertained that the gallant Twenty-eighth and Twenty-ninth Penna. Vet. Vols. will arrive during the coming week ; and

Whereas, The soldiers of the above regiments are really veterans, being patriots who entered the service of their country at the outbreak of the rebellion ; and

Whereas, Receptions have been given to regiments that have not seen the service that they have, nor endured the same privations and hardships ; therefore

Be it resolved, by the Select and Common Councils of the City of Philadelphia, That a joint special committee consisting of five members from each Chamber be appointed to receive the Twenty-eighth and Twenty-ninth Regs. Pa. Vet. Vols. and such other regiments that may arrive on the same day.

RESOLUTION

To release a certain property of David McLean from the lien of a certain judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Solicitor is hereby directed to release from the lien and operation of a judgment entered on the official bond of Dr. James McClintock, late City Treasurer, [D. C., D. S. B., Dec., 1861, 143,] the following described property of David McLean, that is to say :

"All those messuages or tenements and two contiguous lots or pieces of ground situate on the south side of South or Cedar street in the late district of Moyamensing, now the Fourth Ward of the City of Philadelphia, one of them at the distance of $62\frac{1}{2}$ feet eastward from Clifton street; containing in front or breadth 15 feet and in length or depth southward 120 feet to a 25 feet wide street called Small street. Bounded eastward by ground late of John Arbogast the lot next hereinafter described, southward by the said Small street, westward by a messuage and ground of Solomon Supplee and wife, and northward by Cedar street aforesaid.

"And the other of them containing 20 feet in front on the said South or Cedar street, and in length or depth 120 feet to the said Small street. Bounded on the north by the said South or Cedar street, on the east by ground late of the widow Saunders, on the south by the said Small street, and on the west by the first described lot."

Provided, The co-sureties of the said David McLean consent thereto and that the sum of ten dollars be paid the Solicitor, for the use of the City, to defray the expense incurred in the publication of this resolution.

And provided, That in the opinion of the Solicitor the interests of the City will not be prejudiced by said release.

APPENDIX No. 41.

COMMITTEE ROOM, *July 13, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was recommitted the bill entitled "An Ordinance to authorize the extension of the Thompson Street Sewer," beg leave to report that they have re-examined the subject and find that the Thompson street Sewer extends from Canal street, late Cohocksink Creek, east of Fifth street to Seventeenth street, thence along Seventeenth street to Girard Avenue, and thence along Girard Avenue to Eighteenth street, and forms the main line of drainage for that section of the City.

At the time of its construction in the early days of the District of Penn, the wants of that section did not require its extension beyond Eighteenth street for surface drainage. That section is now closely built up and requires immediate drainage. The proposed sewer is to be four feet in diameter, and to extend from Eighteenth to Nineteenth streets. The property owners on the line of the Sewer propose to construct the same for a sum much less than a sewer of that size can be constructed at the present prices, that is to say they are willing to construct the same: *Provided*, That the City shall pay for street intersections, and the legal deductions authorized to be made by Act of Assembly.

The intersections are Eighteenth, Nineteenth streets, and Ridge Avenue, amounting to about 130 feet. The

assessment bills to be paid by the property owners, with the costs of the intersections and the legal deductions, amounting to about \$325, which is to be paid from the proper items of the annual appropriation to the Department of Highways made for the year 1865, will leave an excess of cost, or, more properly speaking, a deficiency of about \$300, which the property owners are willing to pay, to be reimbursed in City Bonds out of a loan to be hereafter created for the construction of sewers, &c., for this sum the city will secure the extension of about 450 feet of a main sewer which was constructed for surface drainage. The Committee are satisfied that the bill has been drawn with care, and that the sewer will not cost the City more than the amount named in the bill, and they recommend its passage.

JOHN W. EVERMAN, <i>Ch'n</i> ,	HIRAM MILLER,
THOS. H. GILL,	THOS. A. BARLOW,
ROBERT ARMSTRONG,	SAML. W. CATTELL,
JAS. A. FREEMAN.	

AN ORDINANCE

To authorize the extension of the Thompson street Sewer, Twentieth Ward.

Whereas, A majority of the property owners on the line of Girard Avenue, between Eighteenth and Nineteenth streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a Sewer on the line of Girard Avenue as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held November 21st, 1864, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Girard Avenue from Eighteenth to Nineteenth

streets, said sewer to be four feet in diameter, circular in form, with the necessary inlets for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder; and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon, exclusive of the cost of the street intersections and the legal deductions authorized by Act of Assembly, shall be paid by the owners of property; to be re-imbursed out of a loan to be hereafter created for the construction of culverts, &c. The cost of the street intersections and legal deductions shall be paid from Item 22 of the Department of Highways for the year 1865: *Provided*, That the whole amount to be paid for street intersections and legal deductions shall not exceed the sum of three hundred and fifty dollars, and the amount of the excess shall not exceed the sum of three hundred dollars.

APPENDIX No. 42.

RESOLUTION

Of Instruction to the City Solicitor.

Whereas, The Ridge Avenue and Manayunk Passenger Railway Company have laid their railway contrary to the grade established when said road was constructed, and in violation of the eighth section of the Act of Assembly chartering said Company; therefore be it

Resolved, by the Select and Common Councils of the City of

Philadelphia, That the City Solicitor be and is hereby instructed to take such measures as may be necessary to compel the Ridge Avenue and Manayunk Passenger Railway Company to relay their railway so as to conform to the established grade.

APPENDIX No. 43.

RESOLUTION

To authorize the paving of Wildey street, in the Eighteenth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into a contract with a competent paver or pavers who shall be selected by a majority of the owners of property fronting on Wildey street from Palmer street to Montgomery Avenue, for the paving thereof. The condition of said contract shall be that the contractor or contractors shall collect the cost of said paving from the owners of property fronting on said street, and shall also enter into an obligation to the City to keep said street in good order for two years after the paving is finished.

APPENDIX No. 44.

DEPARTMENT OF SURVEYS,
PHILADELPHIA, *July 24th*, 1865.

WM. S. STOKLEY, ESQ.

President Common Council.

DEAR SIR:—I deem it my duty to inform Councils, through you, that the effect of the freshet caused by the storm of the 16th inst., has been very disastrous upon a number of the bridges belonging to the City. Five truss bridges have been destroyed upon the Wissahickon Creek, and one upon the Schuylkill, at Penrose Ferry; this latter by the undermining of the upper end of the north draw-pier, which threw the north shore span into the river; and I would say that had the guards been constructed as suggested in reports before submitted, this could not have occurred. Those upon the Wissahickon are as follows:—

Hermit's Lane, 60 feet span, gone entire.

Kitchen's Lane, 100 feet span, superstructure gone and masonry injured.

Livezey's Lane, 120 feet span, superstructure gone and masonry injured.

Wiser Mill Road, 60 feet span, superstructure gone and masonry injured.

Doty's Lane, 90 feet span, superstructure gone and masonry injured.

The destruction of these bridges has caused great inconvenience to the residents of that locality, owing to their being upon roads of communication between Germantown, Roxborough and Manayunk. It is therefore unnecessary for me to allude to the importance of their early erection.

For the Wissahickon bridges there will be required the sum of \$25,000

The Penrose Ferry Bridge cannot be placed in proper condition without a large expenditure. The injured pier should be removed, and a new one constructed upon a different plan of foundation. The draw should be renewed, the shore span rebuilt, and the approaches repaired, all of which will cost about \$50,000

Respectfully submitted,

STRICKLAND KNEASS,

Chief Eng. and Sur.

I would add that the flooring of the Girard Avenue Bridge is in such condition as to require immediate attention. This has been noted in two annual reports from this Department, and unless measures are taken to place it in a safe condition, the damages that may result therefrom may be serious. The cost of this will reach about \$7000.

S. KNEASS.

APPENDIX No. 45.

AN ORDINANCE

To make an appropriation for the construction of certain bridges recently destroyed.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of eighty-two thou

sand dollars, be and the same is hereby appropriated to the Department of Highways, Bridges, &c., &c., for the construction, rebuilding and repairing of such bridges as have been destroyed in whole or in part on the line of the Wissahickon Creek, and over the Schuylkill at Girard avenue, and at Penrose Ferry. The specifications therefor to be drawn by the Chief Engineer and Surveyor, and the warrants to be drawn by the Chief Commissioner of Highways upon estimates prepared by the Chief Engineer and Surveyor.

APPENDIX No. 46.

RESOLUTION

To change the place of voting in the Seventh Division of the Eighth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the place of holding elections in the Seventh Division of the Eighth Ward, be changed from the corner of Eighteenth and Ann streets, to the house occupied by John Johnson, at the northeast corner of Twentieth and Spruce streets; the former place being no longer available for that purpose.

APPENDIX No. 47.

AN ORDINANCE

Supplementary to "An Ordinance to change the boundary lines of the First, Fifth, Eighth, and Ninth Divisions of the Nineteenth Ward, to create four additional divisions in said Ward, and to establish places of voting in said divisions."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That in sections 7th and 8th, of the ordinance to which this is a supplement, the words "Dauphin street," be and are hereby struck out, wherever they occur, and the words "Susquehanna avenue," be and are hereby inserted in lieu thereof.

APPENDIX No. 48.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways to whom was referred the matter of the repaving of Race street from Second to Front street, and Randolph street from Brown to Parrish street, respectfully report that they have considered the same and submit for your consideration the following resolution, recommending its passage.

MATTHEW J. BRADY, <i>Ch'n</i> ,	A. L. HODGDON,
F. A. WOLBERT,	THOS. A. BARLOW,
HIRAM MILLER,	JOS. MANUEL,
JOHN Q. ADAMS,	JAS. H. BILLINGTON.

RESOLUTION

To authorize the repaving of Race street from Second to Front streets, and Randolph street between Brown and Parrish streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways, be and he is hereby authorized and directed to repave Race street from Second to Front streets, and Randolph street between Brown and Parrish streets.

APPENDIX No. 49.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Police respectfully submit the annexed resolution for a transfer in the Police Department, and ask its adoption.

JAS. H. BILLINGTON, <i>Ch'n</i> ,	JOSEPH EARNEST,
FRED'K A. VAN CLEVE,	E. A. SHALLCROSS,
CHARLES THOMSON JONES,	THOS. A. GILL,
G. W. MACTAGUE,	SAM'L W. CATTELL,
S. A. COLEHOWER,	JOSEPH B. HANCOCK.

RESOLUTION

To make certain transfers in the appropriation to the Department of Police.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the City Controller be and he is hereby authorized to transfer the sum of Four thousand one hundred dollars, of the appropriation made to the Police Department for the year 1865, as follows:

From Item 3.—“Salaries of High Constables, &c.,” Five hundred dollars to Item 6, “Repairs, &c.”

From Item 3.—“Salaries of High Constables, &c.,” Three hundred dollars to Item 12, “Stoves and Heaters, &c.”

From Item 4.—“Salaries of Policemen,” Thirty-three hundred dollars to the following items, viz: Item 5—“Uniform,” Eleven hundred dollars; Item 14—“Incidentals,” Five hundred and twenty-five dollars; Item 15—“Stationery, &c.,” Six hundred dollars; Item 22—“Repairs to Telegraph,” Four hundred dollars; Item 24—“Batteries and Acids,” Six hundred dollars; and to Item 25—“Stationery Telegraph Department,” Seventy-five dollars.

APPENDIX No. 50.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Trusts and Fire to whom was referred the application of the “Resolution Hose Company,” to be admitted into the Fire Department as a Steam Fire Engine Company, respectfully report that they have given the subject a careful consideration, and find that the granting of the prayer of the petitioners will not increase the number of Steam Fire Engines, it being the intention of this company to purchase the apparatus and all other necessary property of the Cohocksink Hose and Steam Fire Engine Company, they therefore submit the following resolution and ask its adoption.

JOHN Q. ADAMS, <i>Ch'n</i> ,	JOHN B. HAINES, M. D.,
DAVID J. GRIFFITHS,	JOSEPH B. HANCOCK,
H. MARCUS,	FRED’K A. VAN CLEVE.
W. H. P. BARNES,	WM. J. POLLOCK,
GEO. W. NICKELS,	GEO. F. OMERLY.

RESOLUTION

Admitting the Resolution Hose Company into the Fire Department.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the services of the Resolution Hose Company be accepted, and they be admitted into the Fire Department, and as soon as they make satisfactory proof to the Committee on Trusts and Fires, that they have purchased the apparatus and all other necessary property now owned by the Cohocksink Hose and Steam Fire Engine Company, the Committee be instructed to report an Ordinance locating them as a Steam Fire Engine Company.

 APPENDIX No. 51.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Trusts and Fire to whom was referred the petition of the Franklin Hose and Steam Fire Engine Company, asking that a Gong Telegraph Instrument may be placed in the house of said company, in order that they can have an early alarm of fires, respectfully report that after a full examination of the matter they find that the signal apparatus they at present have, will not give an alarm sufficient to awaken the engineer and driver at night, it is entirely unsuitable for their purpose, and not such a box instrument as has been furnished all the other steam fire engine companies in the city.

They therefore submit the annexed bill for your consideration, and recommend its passage.

JOHN Q. ADAMS, <i>Ch'n</i> ,	GEORGE W. NICKELS,
H. MARCUS,	GEORGE F. OMERLY,
WM. J. POLLOCK,	FRED'K A. VAN CLEVE,
DAVID J. GRIFFITHS,	JOSEPH B. HANCOCK,
JOHN B. HAINES, M D.	

A FURTHER SUPPLEMENT

To an ordinance entitled "An Ordinance to make an appropriation to defray expenses in the removal of certain Telegraph Signal Boxes, the extension of the Fire Telegraph, and introduction of the same in the houses of certain Fire Companies, and to re-imburse certain Fire Companies," approved May 12, 1864.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the further sum of three hundred and twenty-five dollars, be and the same is hereby appropriated to the Superintendent of the Police and Fire Alarm Telegraph, for the following purposes, viz. :

The removing the signal apparatus now in the house of the Franklin Hose and Steam Fire Engine Company, Broad and Fitzwater streets, to the house of the Columbia Steam Forcing Hose Company, Race street above Eighth street, and to place a Gong Telegraph Instrument in the house of the said Franklin Hose and Steam Fire Engine Company.

SECT. 2. Warrants for the said appropriation shall be drawn by the Mayor, in conformity with existing ordinances.

APPENDIX No. 52.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Trusts and Fire to whom was referred the petition of citizens of Holmesburg, Twenty-third Ward, asking that the Liberty Fire Company of Holmesburg may be located as a Steam Fire Engine Company, respectfully report that, after having made a careful examination of the subject, and being fully aware of the inefficient service that can be rendered by a small hand engine, in the event of a fire, they are of the opinion that the wants of the citizens in that locality require the services of another steam fire engine.

They therefore submit the annexed bill for your consideration, and recommend its passage.

JOHN Q. ADAMS, <i>Ch'n</i> ,	GEORGE W. NICKELS,
WM. J. POLLOCK,	FRED'K A. VAN CLEVE,
DAVID J. GRIFFITHS,	JOSEPH B. HANCOCK,
JOHN B. HAINES, M.D.	

AN ORDINANCE

Supplementary to an ordinance entitled "An Ordinance to locate Steam Fire Engines," approved February 21, 1859.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the station of the Liberty Fire Company, situate on Main street, Holmesburg, in the Twenty-third Ward, be and the same is hereby approved as a suitable location for a steam fire engine, and the said company is empowered to procure a steam fire engine, to be housed in the above location in accordance with existing ordinances: *Provided, however*, That the gratuity given to the said company shall not be more than twelve hundred dollars per annum.

APPENDIX No. 53.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Trusts and Fire to whom was referred the petition of citizens of the Twenty-second Ward, asking that the Franklin Fire Company of Germantown, may be located as a Steam Fire Engine Company, respectfully report that after visiting the station of the same, and a careful examination of the subject, they are of the opinion that for the better protection of much valuable property in that locality, the services of another Steam Fire Engine Company is now required and deemed necessary.

They therefore submit the annexed bill for your consideration and recommend its passage.

JOHN Q. ADAMS, <i>Ch'n</i> ,	FRED'K A. VAN CLEYE,
WM. J. POLLOCK,	DAVID J. GRIFFITHS,
GEO. W. NICKELS,	JOSEPH B. HANCOCK,
JOHN B. HAINES, M.D.	

AN ORDINANCE

Supplementary to an ordinance entitled "An Ordinance to locate Steam Fire Engines," approved February 21, 1859.

SECTION 1. *The Select and Common Councils of the City of*

Philadelphia do ordain, That the station of the Franklin Fire Company, situate on Main street, Germantown, in the Twenty-second Ward, be and the same is hereby approved as a suitable location for a Steam Fire Engine; and the said company is empowered to procure a Steam Fire Engine, to be housed in the above location in accordance with existing ordinances.

RESOLUTION

To authorize the paving of Jackson street.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into a contract with a competent paver or pavers, who shall be selected by a majority of the owners of property fronting on Jackson street, in the Twenty-sixth Ward; the conditions of said contract shall be that the contractor shall collect the cost of said paving, from the owners of property fronting on said street, and he shall also enter into an obligation to the City to keep said street in good order for two years after said paving is finished.

 APPENDIX No. 60.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways to whom was referred the petitions for paving Tenth, Valeria, Eyre and Ellsworth streets, respectfully report that they have considered the same and submit for your consideration the following resolution recommending its passage.

RESOLUTION

To authorize the paving of Tenth, Valeria, Eyre and Ellsworth streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into contracts with competent pavers who shall be selected by a majority of the owners of property fronting on the following named streets for the paving thereof, to wit: Tenth

street from Morris to Jackson streets, in the First Ward. Valeria street from Sixteenth to Seventeenth streets, in the Fifteenth Ward. Eyre street from Wildey to Robeson streets, in the Eighteenth Ward. Ellsworth street from Twenty-first to Twenty-second streets, in the Twenty-sixth Ward. The conditions of said contracts shall be that the contractors shall collect the cost of said paving, from the owners of property fronting on said streets, and they shall also enter into an obligation to the city to keep said streets in good order for two years after said paving is finished.

APPENDIX No. 61.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways have had their attention called to the dangerous and delapidated condition of Girard Avenue Bridge, which will need immediate repair by renewal of the entire roadway, involving an expenditure of seven or eight thousand dollars; there are other small bridges needing repairs which will require an additional appropriation. Your Committee, therefore, report for your consideration the following ordinance making an additional appropriation for repairs to bridges, recommending its passage.

AN ORDINANCE

Supplementary to an ordinance making an appropriation to the Department of Highways for the year 1865, approved January 21st, 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of ten thousand dollars be and the same is hereby appropriated to Item 9, of an ordinance approved January 21st, 1865, making an appropriation to the Department of Highways, Bridges, &c., for the year 1865.

APPENDIX No. 62.

COMMITTEE ROOM,
September 21st, 1865.

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations to whom was referred the bill providing for the repair of the bridges destroyed and injured by the late freshet on the Wissahickon Creek and Schuylkill River, having given the subject their consideration, are clearly of the opinion that the necessities of the citizens (and not exclusively those of the rural districts) demand that the highways thus cut off from public travel should be at the earliest day placed in travelable condition. An approximate estimate of the cost of erecting “Howe Truss” wooden bridges on the Wissahickon has been submitted to your Committee by the Chief Engineer and Surveyor, amounting to about twenty-five thousand dollars.

As regards the Penrose Ferry Bridge, the amount here submitted, it is supposed, will render the pier, which has been undermined at the upper end, secure, or renewed, as a close examination of it may show to be necessary; place a new permanent span upon the injured pier and the north abutment; renew the draw; place tenders at the north and south draw-piers, and leave a small amount for repairs to the approaches.

Your Committee would not advise that stone bridges be erected upon the Wissahickon at the present time, owing to the high prices for all mechanical labor, as it would be necessary in that case to remove all the masonry now standing, which can be used for the truss bridges, as here proposed. Should it by Councils be deemed advisable to place iron structures upon the Creek, then no change in masonry will be required, but the cost of the superstructure will be double that of wood. As in placing this work under contract the plans and specifications can be properly explained to bidders only by the Chief Engineer and Surveyor, under whose direction they will be erected, it has, therefore, been thought more appropriate that the proposals

should be received at the Department of Surveys, and there allotted under the supervision of the Committee in charge of that Department.

We, therefore, submit a bill in accordance with the provisions herein detailed, and ask its adoption.

DEPARTMENT OF SURVEYS,
PHILADELPHIA, *July 24th*, 1865.

WM. S. STOKLEY, Esq.

President Common Council.

DEAR SIR:—I deem it my duty to inform Councils, through you, that the effect of the freshet caused by the storm of the 16th inst. has been very disastrous upon a number of the bridges belonging to the City. Five truss bridges have been destroyed upon the Wissahickon Creek, and one upon the Schuylkill at Penrose Ferry; this latter by the undermining of the upper end of the north draw pier, which threw the north shore span into the river; and I would say that had the guards been constructed as suggested in reports before submitted, this could not have occurred. Those upon the Wissahickon are as follows:

Hermits' lane, 60 feet span, gone entire.

Kitchen's lane, 100 feet span, superstructure gone and masonry injured.

Livezey's lane, 120 feet span, superstructure gone and masonry injured.

Wise's Mill road, 60 feet span, superstructure gone and masonry injured.

Doty's lane, 90 feet span, superstructure gone and masonry injured.

The destruction of these bridges has caused great inconvenience to the residents of that locality, owing to their being upon roads of communication between Germantown Roxborough and Manayunk. It is, therefore, unnecessary for me to allude to the importance of their early erection.

For the Wissahickon bridges there will be required the sum of \$25,000.

The Penrose Ferry Bridge cannot be placed in proper condition without a large expenditure. The injured pier should be removed, and a new one constructed upon a different plan of foundation. The draw should be renewed, the shore span rebuilt, and the approaches repaired; all of which will cost about \$50,000.

Respectfully submitted.

STRICKLAND KNEASS,
Chief Engineer and Surveyor.

I would add that the flooring of the Girard Avenue Bridge is in such condition as to require immediate attention. This has been noted in two annual reports from this Department; and unless measures are taken to place it in safe condition, the damages that may result therefrom may be serious. The cost of this will reach about \$7000.

S. KNEASS.

AN ORDINANCE

To provide for the repair and reconstruction of certain bridges.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Engineer and Surveyor shall prepare plans and specifications, and advertise according to law for proposals for the reconstruction of bridges lately destroyed upon the line of the Wissahickon Creek and the river Schuylkill at Penrose Ferry; and shall, under the supervision of the Committee on Surveys and Regulations, allot the same to the lowest and best bidders.

SECT. 2. That the sum of seventy-five thousand dollars be and the same is hereby appropriated to the Department of Highways, &c., &c., for the work herein specified, as follows:

Twenty-five thousand dollars for the bridges on the Wissahickon Creek, and

Fifty thousand dollars for the bridge over the Schuylkill at Penrose Ferry.

Warrants for the same to be drawn by the Chief Commissioner of Highways, upon estimates prepared and duly signed by the Chief Engineer and Surveyor.

APPENDIX No. 63.

COMMITTEE ROOM, *September 20, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the application for sewers on Coates street from Twelfth to Broad street, and on Mount Vernon street from Sixteenth to Eighteenth street, which have been recommended by the Board of Surveyors, beg leave to present bills authorizing their construction, with such arrangement for payment as will relieve the city from an expenditure therefor, other than for street intersections and the deductions upon the assessment bills for corner lots as directed by law.

Respectfully submitted.

JAS. A. FREEMAN,	THOS. A. BARLOW,
WM. A. SIMPSON,	HIRAM MILLER,
ROBERT ARMSTRONG.	

AN ORDINANCE

To authorize the erection of a sewer on Coates street, Fourteenth Ward.

Whereas, A majority of the property owners on the line of Coates street, between Twelfth and Broad streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Coates street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held September 4, 1865, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled an "Ordinance to provide for the construction of branch culverts or drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City*

of Philadelphia do ordain, That the Department of Highways be and is hereby authorized to construct a sewer on the line of said Coates street from Twelfth street to Broad street, said sewer to be built of brick with a clear inside diameter of three (3) feet from Twelfth to Thirteenth, and of a clear diameter of two feet six inches from Thirteenth to Broad, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of branch culverts or drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon, exclusive of the cost of the street intersections and the legal deductions authorized by Act of Assembly, shall be paid by the owners of property. The cost of the street intersections and legal deductions shall be paid from Item 22 of the Department of Highways for the year 1865: *Provided*, That the whole amount to be paid for street intersections and legal deductions shall not exceed the sum of three hundred dollars.

AN ORDINANCE

To authorize the construction of a sewer on Mount Vernon street, Fifteenth Ward.

Whereas, A majority of the property owners on the line of Mount Vernon street, between Sixteenth and Eighteenth streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Mount Vernon street as aforesaid, which application has been approved by the Board of Surveyors; at a meeting held September 18, 1865, they authorized the construction

of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled An "Ordinance to provide for the construction of branch culverts or drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of said Mount Vernon street from Sixteenth to Eighteenth street, said sewer to be built of brick, with a clear inside diameter of two (2) feet six (6) inches, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of branch culverts or drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon, exclusive of the cost of the street intersections and the legal deductions authorized by Act of Assembly, shall be paid by the owners of property. The cost of the street intersections and legal deductions shall be paid from Item 22 of the Department of Highways for the year 1865: *Provided*, That the whole amount to be paid for street intersections and legal deductions shall not exceed the sum of two hundred and ten dollars.

AN ORDINANCE

To authorize the grading and culverting of Washington street, from Fountain street to Domino lane, in the Twenty-first Ward, and to make an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways be and he is hereby authorized and directed to

do the necessary grading and culverting on Washington street from Fountain street to Domino lane, in the Twenty-first Ward, to place it in travelling condition.

SEC. 2. The sum of four thousand dollars is hereby appropriated to carry into effect the first section of this ordinance. Warrants for the same to be drawn by the Chief Commissioner of Highways, in accordance with existing ordinances.

APPENDIX No. 68.

COMMITTEE ROOM, *September 20th, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the applications for sewers, which have, in accordance with law, been presented to and approved by the Board of Surveys, now present a bill authorizing their construction, with a recommendation that they receive the sanction of Councils.

Your Committee have selected those now presented, from quite a number of petitions, as most important to the interest of the City, from the fact that their purpose is to relieve the condition of residences, which is now prejudicial to their healthfulness as tenements, and thus injurious to the City at large.

Respectfully submitted.

JOHN W. EVERMAN, <i>Ch'n</i> ,	THOS. H. GILL,
JAS. A. FREEMAN,	THOS. A. BARLOW,
WM. A. SIMPSON,	HIRAM MILLER,
ROBERT ARMSTRONG.	

AN ORDINANCE

To authorize the construction of sewers on Sixth and other streets.

Whereas, The property owners on the lines of the several streets herein noted have filed their petitions in the Department of Surveys, as directed by the Act of Assembly,

approved April 8th, 1864, for the construction of sewers, as specified, which applications have been approved by the Board of Surveyors, in accordance with the provisions of the ordinance approved November 11, 1858, entitled an "Ordinance to provide for the construction of branch culverts or drains:" *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct sewers as follows:

On Sixth street from South to Lombard street, three feet diameter.

On Otis street from Girard avenue to Thompson street, two feet six inches diameter.

On Summer street from Twenty-first street to Twenty-second street, two feet six inches diameter.

On Seventh street from Reed street to Wharton street, two feet six inches diameter.

On Wharton street from Seventh street eastward one hundred and sixty feet, two feet six inches diameter.

On Twenty-fifth street from Hamilton street to Brandywine street, two feet six inches diameter.

On Filbert street eastwardly from the sewer now laid in Twenty-second street, to the east line of Taylor street, three feet diameter.

With the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of branch culverts or drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon

the property fronting thereon shall be paid from Item 22, (for construction of branch culverts,) of the ordinance to make an appropriation to the Department of Highways for the year 1865: *Provided*, That the said excess shall not exceed the sum of seven thousand five hundred and fifty dollars.

APPENDIX No. 70.

PHILADELPHIA, *September 28, 1865.*

To the Common Council
of the City of Philadelphia.

The members of Common Council on the Committee on Girard Estates, to whom was referred the ordinance from Select Council, entitled "An Ordinance to increase the income of the Girard Estates," report,

That in pursuance of their duty as members of the joint Standing Committee on the Girard Estate, they had previous to this reference, given great attention to the subject to which this ordinance refers.

The Committee on Girard Estates, convinced that the properties on Chestnut street could be made largely more productive than they have ever been, considered the advisability of altering them into stores; to this end the rents were increased from \$1,000 to \$1,500 per annum, in the hope that some one or two of the properties would be surrendered by the tenants, at the expiration of their terms. The Committee did obtain the occupancy of two of the dwellings, and at once endeavored to ascertain what rent could be obtained for them as stores. After much trouble, two parties were induced to agree to give \$3,000 a year rent for them, altered as stores. Your Committee use the words "after much trouble," because great exertions have been made by the parties who are tenants in the same row, to prevent the alteration of any of the properties. Much persuasion has been used by gentlemen who have the use of the properties, below what your Committee on Girard Estates are convinced is the real value, to interfere with the administration of this great trust so as to produce for the orphans in the college all that they are entitled to have.

Your Committee do assert to Common Council, that after the two proposed alterations shall have been completed and occupied for \$3,000 per annum, the other properties will, most probably, bring not less than \$4,000 per annum, except the corner property, which will bring \$5,000 per annum.

Your Committee do most urgently press on Common Council, the passage of the referred ordinance, which they report. As to the cost of the alterations, your Committee can only give an estimate, but they are satisfied that an examination into the administration of the management of the estate during the past year will convince any one that the best interests of the estate have been constantly consulted.

Respectfully.

APPENDIX No. 71.

To the Select and Common Councils
of the City of Philadelphia.

The Committee appointed to ascertain what progress is making with the Chestnut street Bridge, &c., &c.,

Respectfully report that in the discharge of their duty have visited and noted the slow progress of the work on the bridge.

The often repeated question, "When will the Chestnut street Bridge be completed?" cannot yet be satisfactorily answered.

It was confidently expected, that early in the present year the false works would be in a condition to receive the iron superstructure. After a long delay the framing was commenced; by July a portion was in place, when that which took weeks to build, was in a night swept away by a sudden rise in the river.

Your Committee were assured, however, that the damage would be repaired in a few weeks. At this juncture it was suggested, and earnestly pressed on the contractor, that an additional force be put on and the lost time made up.

We are not aware that any more men are now engaged on the work than in July, unless they have been taken on within a day or two.

On visiting Kaighn's Point we found two-thirds of the iron works completed and ready for shipment; we were informed that the balance will be finished long before it will be required, and the whole can be delivered as fast as it can be raised to its position.

If more energy could be infused into those connected with its construction we might reasonably hope to see completed in the course of next year, the much needed bridge.

The Committee ask to be continued.

Respectfully submitted.

APPENDIX No. 83.

COMMITTEE ROOM, *October 5, 1865.*

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regula-

tions, to whom was referred the annexed bill, entitled "A Supplement to 'An Ordinance to authorize the construction of a sewer on Callowhill and Twenty-second streets, in the Fifteenth Ward,'" approved November 5th, 1864, beg leave to report, that they find upon examination that this sewer was extended a short distance further than was originally intended, to permit the building of another inlet, and was allotted to the contractor, notwithstanding his bid, (though the lowest,) exceeded the amount provided in ordinance. He should therefore not suffer, as his work was done in good faith, and finished to the satisfaction of the City. We therefore recommend the adoption of the bill as referred.

WM. A. SIMPSON, <i>Ch. pro tem.</i>	JAS. A. FREEMAN,
THOS. A. BARLOW,	THOS. H. GILL,
JOSHUA SPERING,	ROBERT ARMSTRONG,
SAM'L W. CATTELL,	H. A. VOGELBACH.

A SUPPLEMENT

To "An Ordinance to authorize the construction of a sewer on Callowhill and Twenty-second streets, in the Fifteenth Ward," approved November 5th, 1864.

Whereas, By the estimate of the Chief Engineer and Surveyor, made in accordance with a contract of April 13, 1865, the cost of sewer authorized by the ordinance, to which this is a supplement, exceeds the sum appropriated \$526.31. Now therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the further sum of five hundred and twenty-six dollars and thirty-one cents, is hereby appropriated to pay the cost of the completion of the sewer as aforesaid; said sum to be charged to Item 22 of an appropriation made to the Department of Highways. for the year 1865, for the construction of branch culverts.

APPENDIX No. 84.

COMMITTEE ROOM, *October 4, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations to whom was referred the petitions for sewers on Fifteenth street, from Pine street southward, on Twelfth street between Coates and Melon streets, and on Green street from Eighteenth street to one hundred and thirty feet east thereof, which have been examined by the Board of Surveyors, herewith present a bill containing a *proviso*, “that the owners of property fronting thereon shall pay the entire cost thereof, excepting for street intersections, legal deductions, manholes, and inlets,” and recommend its sanction by Councils.

WM. A. SIMPSON, <i>Ch'n</i> ,	JAS. A. FREEMAN,
THOS. A. BARLOW,	THOS. H. GILL,
JOSHUA SPERING,	ROBERT ARMSTRONG,
SAM'L W. CATTELL,	H. A. VOGELBACH.

AN ORDINANCE

To authorize the construction of sewers in the Seventh, Fourteenth, and Fifteenth Wards.

Whereas, The property owners on the line of the several streets herein noted, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of sewers, as specified, which applications have been approved by the Board of Surveyors, in accordance with the provisions of the ordinance approved November 11, 1858, entitled “An Ordinance to provide for the construction of branch culverts or drains:” *And whereas*, owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct sewers as follows:

On Fifteenth street from Pine to Lombard street, three feet diameter; on Twelfth street from Coates to Melon street, two feet six inches diameter; on Green street between Seventeenth and Eighteenth streets, being from a point one hundred and thirty feet east of Eighteenth street, to the west curb line of Eighteenth street, two feet six inches diameter: *Provided*, The owners of property fronting thereon shall pay the entire cost thereof, excepting for street intersections, legal deductions, manholes, and the necessary inlets, for the proper surface drainage; to be built in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertize according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of branch culverts or drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22, (for construction of branch culverts,) of the ordinance to make an appropriation to the Department of Highways for the year 1865: *Provided*, That the said excess shall not exceed the sum of fifteen hundred and thirty dollars in the aggregate, to be distributed as follows: the excess on Fifteenth street not to exceed the sum of seven hundred dollars; the excess on Twelfth street not to exceed the sum of five hundred and thirty dollars; the excess on Green street not to exceed the sum of three hundred dollars.

APPENDIX No. 85.

COMMITTEE ROOM, *October 4, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed bill authorizing “the construction of sewers in such wards of the City where the surface drainage is defective,” return the same recommending its adoption, as it will facilitate legislation, and enable the payments, rightfully belonging to the City, to be made without an especial ordinance in each case.

WM. A. SIMPSON, <i>Ch. pro tem.</i>	JAS. A. FREEMAN,
THOS. A. BARLOW,	THOS. H. GILL,
JOSHUA SPERING,	ROBERT ARMSTRONG,
SAM’L W. CATTELL,	H. A. VOGELBACH.

AN ORDINANCE

To authorize the construction of sewers in such wards of the City where the surface drainage is defective.

Whereas, In many of the wards of the City, the proper surface drainage requires the construction of sewers, and applications for the construction of the same are continually made to the Department of Surveys: *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot exceeds the amount stipulated by law, as payable by property owners: *And whereas*, In many instances the said property owners are ready and willing to pay the entire cost of constructing the same; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That where property owners on the line of any street or streets within the City limits file a petition in the Department of Surveys, as directed by Act of Assembly approved April 8, 1864, for the construction of a sewer on the line of any street or streets in front of their respective properties, which application being approved by the Board of Surveyors, and the construction of the same being authorized in accordance with the provisions of the ordinance approved November 11th, 1858:

entitled "An Ordinance to provide for the construction of branch culverts or drains," the Department of Highways be and is hereby authorized to construct a sewer in accordance with said application on the line of the street or streets therein named, of a diameter authorized by the Board of Surveyors, with the necessary inlets and manholes for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertize, according to law, announcing that proposals will be received for the construction of the said sewer or sewers, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer or sewers, as authorized by Act of Assembly approved April 8th, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance for the construction of branch culverts or drains," approved November 11, 1858: *Provided*, That the owners of property fronting on said sewer or sewers shall pay the whole cost thereof, excepting for intersections, legal deductions, inlets and manholes, and the cost of said intersections and inlets and manholes shall be paid out of the Item for the construction of branch culverts, by the yearly ordinance making an appropriation to the Department of Highways.

AN ORDINANCE

Supplementary to an Ordinance entitled "An Ordinance to make appropriations to the Department of Markets, Wharves and Landings," approved January 3d, 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of ninety-three dollars and seventy-five cents be and the same is hereby appropriated to item 2, of appropriations to said Department.

APPENDIX No. 90.

COMMITTEE ROOM,
PHILADELPHIA, *Oct. 10, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia:

GENTLEMEN:—Your Committee on Wharves and Landings herewith present a bill, authorizing the widening of ferry slip at foot of Vine street on the Delaware, and would say that it was intended to have this slip altered when authority was given to extend the wharf, but your committee at that time, after consulting with the Chief Engineer and Surveyor, and obtaining the proper license from the

Board of Port Wardens, deemed it expedient to postpone the work, until a wharf should be built above as a protection from the force of the ebb tide, particularly as the necessities of the case did not call for the immediate construction, with the exceedingly high prices that were then and still are ruling. The Ferry Company are now building a first class steamboat, the width of which is too great for the slip as at present used, they therefore ask that it may be widened, with the understanding that they add to their annual rent, the interest upon the cost of said widening; and

Your Committee present a bill authorizing this work, to be paid out of loan already created for this purpose, though not specified to be used except at the time the extension of wharf may be made, and ask its adoption.

R. M. EVANS, <i>Ch'n</i> ,	JOSEPH EARNEST,
JAS. A. FREEMAN,	S. H. COLEHOWER,
ROBERT ARMSTRONG,	GEO. F. OMERLY.

AN ORDINANCE

Supplementary to an Ordinance, entitled "An Ordinance to authorize the extension of Vine Street Wharf on the River Delaware."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Commissioner of Market Houses, Wharves and Landings, &c., is hereby authorized to widen the ferry dock at Vine street wharf, by cutting off the southern face of wharf upon the northern side thereof, to allow the Cooper's Point Ferry Company the free use of new steamboat for that slip: *Provided*, The said Ferry Company will agree to increase the annual rent of said wharf and ferry slip, by a sum equal to six per cent. interest on the cost of said widening—said work to be performed according to plans prepared by the Chief Engineer and Surveyor.

SEC. 2. That the sum of twelve hundred (\$1200.00) dollars be and is hereby appropriated out of the proceeds of a loan created by ordinance approved January 11, 1864, "for the extension of Vine street wharf on the River Delaware."

SEC. 3. That warrants for said appropriation be drawn by the Commissioner of Market Houses, Wharves and Landings, &c., in accordance with existing laws, upon estimates signed by the Chief Engineer and Surveyor.

APPENDIX No. 91.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance, to whom was referred “An Ordinance making an appropriation to pay Police Magistrates, the amount of costs received by them as such, and paid into the City Treasury, during the years 1864 and 1865,” respectfully report, that it appears by an ordinance, approved April 26, 1859, entitled “An Ordinance to provide for the payment of Police Magistrates,” that said officers are required to pay into the City Treasury all costs, fines and penalties, received by them, the payments to be duly certified to the Mayor, who shall then draw warrants in favor of the several Magistrates for the amount of said costs: *Provided*, That the amount in any one month shall not average a greater sum than one-twelfth of five hundred dollars.

To meet the requirements of this ordinance, the Committee report the annexed “Ordinance to make an appropriation to pay the Police Magistrates, for the years 1864 and 1865,” and recommend its passage.

APPENDIX No. 93.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred the communication of Charles Dixey, Commissioner of City Property, asking for a further appropriation to defray the expenses of illumination, &c., of the public buildings, respectfully report, that by an ordinance approved the 13th day of April, A. D. 1865, entitled "An Ordinance relative to the celebration over our National Victories, and making an appropriation therefor," the sum of \$1000.00 was appropriated to the Commissioners of City Property for said purpose. After considerable progress had been made in the necessary work to carry out the intention of the above mentioned ordinance, the country was startled by intelligence of the death of our late President, Abraham Lincoln. This for a time necessitated the delay of the work: by resolution approved June 30th, 1865, entitled "Resolution of instruction to the Commissioner of City Property to illuminate the Public Buildings," he was directed to carry out the original intention, on the evening of the Fourth of July then next. The bills presented and unpaid, amounting to.....\$4762.53
unexpended balance of former appropriations..... 450.00

leaving.....\$4312.53
for which no appropriation has been made. To meet this

indebtedness the committee report the annexed ordinance, and recommend its passage.

AN ORDINANCE

To make an appropriation to the Department of City Property, to pay the expenses of illuminating public buildings.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of four thousand three hundred and twelve dollars and fifty-three cents, together with the unexpended balance of the appropriation made by ordinance approved April 13, 1865, be and the same is hereby appropriated to pay the expenses incurred in the illumination of public buildings, on the Fourth of July last past, as follows, to wit:

Item 1. To John C. Hunter, gas pipe, six hundred and seventy dollars and sixty-five cents.

Item 2. To Alburger & Wood, for gas tubes and other materials, fourteen hundred and forty dollars and sixty-eight cents.

Item 3. To Edwin F. Levan, for gas fixtures and service pipe, seventy-five dollars.

Item 4. To Cornelius & Baker for burning names, two thousand one hundred and seventy-five dollars.

Item 5. To E. Wyatt for evergreen wreaths, for Independence Hall, eighty dollars.

Item 6. To the Trustees of the Philadelphia Gas Works for extra service pipe, three hundred and twenty-one dollars and twenty cents. And the warrants therefor shall be drawn by the Commissioner of City Property in conformity with existing ordinances.

APPENDIX No. 94.

AN ORDINANCE

To authorize or permit the erection of a wooden Church near the corner of Forty-first and Pine streets, West Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the owners of the second lot from the south-west corner of Forty-first and Pine streets, be and they are hereby authorized and permitted to erect a sufficient wooden Church, not more than one story high, on the lot above described, for the accommodation of the congregation who may worship at that place: *Provided*, That they shall remove the said building within three years from this date; and all existing ordinances or parts of ordinances inconsistent herewith are hereby repealed.

RESOLUTION

To release a certain property of Elisha W. Davis from the lien of a certain judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be and he is hereby authorized and directed to release and forever discharge, the following described property of Elisha W. Davis from the lien of a judgment entered on the official bond of William A. Gray, Chief Inspector of Streets, [D. C., D. S. B., June Term, 1865, No. 100,] to wit: all that certain lot or piece of ground situate on the west side of Fourth street, south of Walnut street, whereon is erected premises numbered 228 in the Fifth Ward of the said City: *Provided,* That the said Elisha W. Davis shall sign a new judgment bond, which shall be sufficient in the opinion of the City Solicitor to secure the City: *And provided further,* That the co-sureties of the said Elisha W. Davis consent to the aforesaid release, and that the sum of ten dollars be paid the Solicitor, for the use of the City, to defray the expense incurred in the publication of this resolution.

GENTLEMEN :—The Committee on Finance to whom was referred the communication from the City Commissioners asking that an appropriation of sixteen thousand dollars be made to pay the increased salaries of the Assessors of the City, in accordance with an act passed by the Legislature, respectfully report, that by an act entitled “An Act relative to the pay of Assessors in the City of Philadelphia,” approved February 10th, 1865, it was directed that after the passage of the same, the pay of each of the said Assessors should be five hundred and fifty dollars per annum, which sum was to be in compensation for all services imposed by the State or municipal authorities. Previous to

the passage of this law, the salary of these officers was three hundred dollars per annum, to pay which the usual appropriation was made in the early part of the present year. The above action of the Legislature, however, makes a deficiency on these officers of sixteen thousand dollars.

It is to be regretted that the Legislature (although they have the power) *will* increase the salaries of City officials, direct the authorities to expend money, and otherwise legislate without any regard to the finances of our City, and in some instances against the expressed wishes of those having charge of the financial interests of our municipal government. The provisions of the act mentioned are imperative, and the Committee are compelled to report the annexed ordinance to make a further appropriation to the City Commissioners to pay the salaries of the Assessors for the year 1865.

GENTLEMEN:—Your Committee on Trusts and Fire, to whom was referred the petition of manufacturers and property owners of Mount Airy and vicinity, in the Twenty-second Ward, asking that the Mount Airy Fire Engine Company may be located as a Steam Fire Engine Company, respectfully report that after having visited the

location of the same and fully considered the whole subject, they are of the opinion that the prayer of the petitioners ought to be granted, as there have been several fires recently in the neighborhood which were very destructive, on account of the inefficiency of the means of extinguishment.

The Committee would observe that however much they deplore the necessity for the location of any more Steam Fire Engines, and in their judgment, few or no more can be justly asked for, at present, within the corporate limits of the city, they deem this one highly necessary, inasmuch as there are a number of valuable buildings and private residences near by, and a very extensive district of country in which there are many large manufacturing establishments, entirely unprotected in the event of a fire, except by the inefficient services of a small hand engine.

They therefore submit the annexed bill for your consideration, and recommend its passage.

COMMITTEE ROOM,
PHILADELPHIA, Oct. 26, 1865.

To the President and Members of the
Select and Common Councils of the City of Philadelphia:

GENTLEMEN:—Your Committee on Wharves and Landings herewith present a bill, authorizing the widening of ferry slip at foot of Vine street wharf on the Delaware, and would say that it was intended to have this slip altered when

authority was given to extend the wharf, but your committee at that time, after consulting with the Chief Engineer and Surveyor, and obtaining the proper license from the Board of Port Wardens, deemed it expedient to postpone the work, until a wharf should be built above as a protection from the force of the ebb tide, particularly as the necessities of the case did not call for the immediate construction, with the exceedingly high prices that were then and still are ruling. The Ferry Company are now building a first class steamboat, the width of which is too great for the slip as at present used. (Your Committee think further that we as the representatives of the City should extend every facility to the different Ferry Companies, entering and leaving the City to transact their business without any detriment to the tax payers.) They therefore ask that it may be widened, with the understanding, that they add to their annual rent the interest of ten per cent upon the cost of said widening; and your Committee present a bill authorizing this work, to be paid out of loan already created for this purpose, though not specified to be used except at the time the extension of wharf may be made, and ask the adoption of the annexed ordinance in lieu of the one recommitted to this Committee.

AN ORDINANCE

Supplementary to an Ordinance, entitled "An Ordinance to authorize the extension of Vine Street Wharf on the River Delaware."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Commissioner of Market Houses, Wharves and Landings, is hereby authorized to widen the ferry dock at Vine street wharf, by cutting off the southern face of wharf upon the northern side thereof, to allow the Cooper's Point Ferry Company the free use of new steamboat for that slip: *Provided*, The said Ferry Company will agree to increase the annual rent of said wharf and ferry slip, by a sum equal to ten per cent.

interest on the cost of said widening—said work to be performed according to plans prepared by the Chief Engineer and Surveyor: *Provided further*, That said improvement or alteration shall not in any manner interfere or disturb the original platform of said wharf.

SEC. 2. That the sum of three thousand (\$3000.00) dollars be and is hereby appropriated out of the proceeds of a loan created by ordinance approved January 11, 1864, "for the extension of Vine street wharf on the River Delaware."

SEC. 3. That warrants for said appropriation be drawn by the Commissioner of Market Houses, Wharves and Landings, in accordance with existing laws, upon estimates signed by the Chief Engineer and Surveyor.

SECTION 1. *The Select and Common Councils of the City of*

Philadelphia do ordain, That the sum of four thousand dollars be and the same is hereby appropriated to the Department of Market Houses, Wharves and Landings, for the purpose of defraying the expenses of painting and whitewashing the Market Houses belonging to the City.

SEC. 2. That warrants for the same shall be drawn by the Commissioner of Market Houses, in conformity with existing ordinances.

APPENDIX No. 107.

To the Common Council.

The Committee, to whom was referred the resolution to change the name of Transcript street, beg leave to report that they have considered the matter, and would recommend the passage of the resolution with the following amendments to the bill, to wit :

Amend the first and only section by inserting after the word "avenue" the following words, to wit. : "That the name of Boudinot street between Filbert street and Lancaster avenue, be changed to that of Thirty-ninth street, and the name of Thirty-ninth street between Filbert street and Lancaster avenue be changed to that of Sergeant street, all in the Twenty-fourth Ward."

And that the words "in the Twenty-fourth Ward," in the third line be stricken out.

And amend the title by striking out the word "street" and inserting in place thereof the words "Boudinot and Thirty-ninth streets."

Respectfully.

RESOLUTION

To release a certain property of Francis P. Murray from the lien of a certain judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Solicitor is hereby authorized to release the following described property of Francis P. Murray from the lien of a judgment entered on the bond of Henry Myers, supervisor, [D. C., D. S. B., Sept. 1864, 225,] that is to say:

All that certain lot or piece of ground beginning on the northwest corner of Jefferson and Carlisle streets, in the Twentieth Ward of the City of Philadelphia, aforesaid, and extending thence northward along the west side of said Carlisle street seventy-six feet five and seven-eighths inches, thence westward at right angles to the said Carlisle street by remaining ground of the said Henry P. Williams, one hundred and fifty-five feet eight inches to a point in the line of land now or late of the Farmers' and Mechanics' Land and Building Association, and also on the east line of Fifteenth street seventy-six feet five and seven-eighths inches northward from Jefferson street, thence southeastward by the same ground ninety-nine feet nine and one-half inches to the north side of Jefferson street, and thence eastward along the north side of said Jefferson street ninety-one feet six and seven-eighths inches to the place of beginning, upon the conditions that the said Francis P. Murray shall execute a new judgment bond, and that his co-surety agree thereto; and that the sum of ten dollars be paid the Solicitor for the use of the City, to defray the expense incurred in the publication of this resolution.

APPENDIX No. 116.

COMMITTEE ROOM, *November 1, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations beg leave to submit a bill authorizing the construc-

tion of sewer on Sixth street between Parrish and Poplar streets, which is intended to relieve the cellars from water, —the cost to the City not to exceed \$125.

JOHN W. EVERMAN, <i>Ch'n</i> ,	JAS. A. FREEMAN,
THOS. H. GILL,	SAM'L W. CATTELL,
THOS. A. BARLOW,	JOSHUA SPERING,
HIRAM MILLER.	

AN ORDINANCE

To authorize the construction of a sewer on Sixth street, Thirteenth Ward.

Whereas, A majority of the property owners on the line of Sixth street, between Parrish and Poplar streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Sixth street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held April 3, 1865, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of branch culverts or drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Sixth street from Parrish to Poplar street, to be built of brick, circular in form with a clear inside diameter of two feet six inches, and with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on

the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of branch culverts or drains," approved November 11, 1858. The excess of the cost of said sewer, over and above the amount assessed upon the property fronting thereon, exclusive of the cost of the street intersections, inlets, and the legal deductions authorized by Act of Assembly, shall be paid by the said properties; the cost of street intersections, inlets, and legal deductions shall be paid from Item 22 (for the construction of branch culverts,) of the ordinance to make an appropriation to the Department of Highways for 1865: *Provided*, The cost of said inlets, intersections and deductions shall not exceed the sum of one hundred and twenty-five dollars.

APPENDIX No. 117.

COMMITTEE ROOM, *November 2, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed petition, asking for a sewer upon Sixteenth and Swain streets, herewith present a bill authorizing the construction of the same, with the understanding that the property owners pay the cost thereof, excepting the inlets and intersections,—the payment required from the City will not exceed seven hundred and fifty dollars,—and ask its adoption.

AN ORDINANCE

To authorize the construction of a sewer on Sixteenth and Swain streets, Fifteenth Ward.

Whereas, A majority of the property owners on the line of Sixteenth and Swain streets, between Coates and Seventeenth streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Sixteenth and Swain street, as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held July 3, 1865, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of branch culverts or drains:" *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Sixteenth street, from Coates to Swain street, and on Swain street from Sixteenth to Seventeenth street, to be built of brick, circular in form, with a clear inside diameter of two feet six inches, and with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, as authorized by the Act of Assembly, approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance, entitled "An Ordinance to provide for the construction of branch culverts or drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount

assessed upon the property fronting thereon, exclusive of the cost of the street intersections, inlets, and the legal deductions authorized by Act of Assembly, shall be paid by the said properties. THOS. A. BARLOW,	ENOCH TAYLOR,
JOHN Q. ADAMS,	ANDREW ZANE, JR.,
CHARLES THOMSON JONES.	

RESOLUTION

To authorize the repaving of Columbia avenue between Tenth and Eleventh streets, in the Twentieth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to repave Columbia avenue between Tenth and Eleventh streets, in the Twentieth Ward.

APPENDIX No. 146.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Police to whom was referred the annexed remonstrance of owners and occupiers of property at and in the immediate vicinity of Dickerson Street Wharf, on the river Delaware, against the storage of Coal Oil on said wharf, would respectfully report, that they have given the matter their careful consideration, and on referring to the Acts of the General Assembly of the State of Pennsylvania for the year 1865, a Supplement was passed to the bill regulating the storage of Coal Oil in Philadelphia, giving the privilege of storing Coal Oil south of Dickerson street and east of Church or Otsego street, which seems to have been passed for this express location; your Committee, therefore, report the same back and ask the passage of the following resolution.

Respectfully.

JAS. H. BILLINGTON, <i>Ch'n</i> ,	S. H. COLEHOWER,
G. W. MACTAGUE,	JOSEPH B. HANCOCK,
CHAS. THOMSON JONES,	C. E. KAMERLY,
THOMAS H. GILL,	FRED'K A. VAN CLEVE.

RESOLUTION

Discharging the Committee on Police from the further consideration of the remonstrance against storing Coal Oil on Dickerson Street Wharf.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Police be dis-

charged from the further consideration of the remonstrance of owners and occupiers of property at and in the immediate vicinity of Dickerson Street Wharf on the river Delaware, against the storage of Coal Oil in that neighborhood.

APPENDIX No. 147.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Police to whom was referred the annexed communication from J. J. Wilbersham, would respectfully report, that they have given the matter their careful consideration, and would report the annexed bill and ask its passage.

Respectfully yours,

JAS. H. BILLINGTON, <i>Ch'n</i> ,	S. H. COLEHOWER,
G. W. MACTAGUE,	JOSEPH B. HANCOCK,
JOSEPH EARNEST,	E. A. SHALLCROSS.

November 16, 1865.

AN ORDINANCE

To authorize the erection of additional Wooden Buildings by J. J. Wilbersham at his Skating Park, Fifteenth and Coates street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That J. J. Wilbersham be and he is hereby authorized to erect an addition to the Wooden Buildings erected at his Skating Park at Fifteenth and Coates streets, in the Fifteenth Ward, of about thirty feet, for the accommodation of his patrons: *Provided*, That he shall remove the same whenever required by Councils, after thirty days notice: *And provided further*, That he pay ten dollars to the City Treasurer for the use of the City to defray the expenses incurred in the publication of this Ordinance: and all existing ordinances or parts of ordinances inconsistent herewith are hereby repealed.

APPENDIX No. 148.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Police, to whom was referred the annexed communication, would respectfully report, that they have given the matter their careful consideration, and would report the annexed ordinance and ask its adoption.

Yours respectfully,

JAS. H. BILLINGTON, <i>Ch'n</i> ,	S. H. COLEHOWER,

November 16th, 1865.

AN ORDINANCE

To authorize the erection of Wooden Buildings by Messrs Pohl & Cullen at their Skating Park.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That Messrs. Pohl & Cullen be and they are hereby authorized to erect sufficient Wooden Buildings, not more than one story high, at their new Skating Park, situated at Moyamensing avenue, opposite Morris street, in the First Ward: *Provided*, That they shall remove the said buildings whenever required to do so by Councils, and that they pay ten dollars to the City Treasurer for the use of the City to defray the expenses incurred in publishing this Ordinance: and all existing ordinances, or parts of ordinances inconsistent herewith, are hereby repealed.

APPENDIX No. 149.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Police to whom was referred an Ordinance, entitled “A Further Supplement

to an Ordinance approved November 15th, A. D. 1855, entitled 'An Ordinance to reorganize the Police Department of the City of Philadelphia,' " would respectfully report, that they have given the subject their careful consideration, and would state that the River Schuylkill requires as much protection from thieves as the River Delaware, and the requirements of the bill is intended to organize a Harbor Police for that river. They would, therefore, report the annexed bill and ask its passage.

Respectfully yours,

JAS. H. BILLINGTON, <i>Ch'n</i> ,	S. H. COLEHOWER,
G. W. MACTAGUE,	CHAS. THOMSON JONES,
JOSEPH EARNEST,	JOSEPH B. HANCOCK,

D. 1866, shall nominate and by and with the consent of Select Council, appoint one sergeant of police and ten patrolmen, in addition to the present police force, who shall be divided into two boat crews, and form part of the River and Harbor Police, and receive the same pay.

APPENDIX No. 150.

Memorial from the Public School Teachers of the First District.

To the Select and Common Councils
of the City of Philadelphia.

Whereas, The Board of Controllers of Public Schools of Philadelphia, have unanimously asked of the Select and Common Councils, the passage of an ordinance granting an appropriation for school purposes, which, without enabling the Board to increase the salaries of their em-

ployees, in a manner at all proportionate to what has been done in other cities, or to the greatly augmented wages now received by every other trade and profession, will, notwithstanding, furnish a useful class of your fellow citizens the means of meeting, more adequately, the enormously increased expenses of living.

We, the Public School Teachers of Philadelphia, respectfully ask of your honorable bodies, that you favor the application of the Board of Control; and, in making this request, desire to submit briefly to your consideration, some arguments, showing not only the absolute justice of the proposed increase, but also its expediency as affecting the interests of the most important department under your care.

It is well known to you, gentlemen, that every article of domestic economy has, within the past three years, increased in cost to more than double, and in many cases, to three and four times the former prices. You are aware that the wages and profits of every mechanic and professional man, who, *unlike* ourselves, has been able to demand an increase proportionate to the times, have been raised in an equal degree. In view of these facts, we cannot consider that we ask for more than simple justice, in soliciting a further addition to the very small comparative increase, added two years ago, to salaries fixed at a time, when the prices of living did not average one-half of what they now do.

We know that in contemplating the gross sum asked for, it may appear large; but when you take into consideration the magnitude of the work accomplished—the education of nearly eighty thousand (80,000) pupils—when you see the vastly greater estimates of other cities; as, for instance, New York, where nearly two and a half millions (\$2,450,000), almost two and a half times as much as that asked for here, is required for the same number of pupils; and more particularly, when you reflect, that the apparently large sum asked in this city when analyzed, is really but \$13 for a whole year's tuition, per pupil, from the High School down; you cannot but come to the conclusion that this seemingly large sum dwindles down very materially, when viewed in connection with the great work performed.

Why, gentlemen, if this sum of \$13 were offered to the teacher of a third rate private school, as annual compensation per pupil, it would be treated with utter ridicule; in these times of high prices it would not pay for one-fourth of a year's tuition; it would be declined by the teacher of the smallest private infant school, and the better classes of private schools are demanding seven times as much for tuition alone, exclusive of books, stationery, &c.

Consider then, gentlemen, that this very small sum of \$13 per pupil yearly, apparently large, when considered in the gross amount, covers the whole cost of tuition, books, stationery, fuel, repairs of buildings, wages of house-keepers, and in fact, every conceivable expense pertaining to the Public Schools! Can any other department of the city government show a like economy in contrast with the work done under private contract?

If the executive officer in one of the city departments could show that the work under his control was well done at *half* the cost which similar work required under private contract, a general cry of admiration would result. Here, when an excellent practical education is given to the children of our city, at a cost less than one-fourth of that required in the lower grade of private schools, and when that education is so excellent, that very many of our wealthiest citizens, with whom money is no object, infinitely prefer the public to the private schools; how is it possible to make any charge of extravagance?

Gentlemen, the school teachers of Philadelphia have not, during the past three years, received a compensation at all in proportion to the expenses of living and the greatly increased profits of every other business or profession. They have been patient, industrious and unflagging in their arduous and mentally and physically prostrating work. They have, notwithstanding the injustice done them, still maintained the elevated reputations of their respective schools; and now, having, in most cases, exhausted the savings of former years, accumulated when talent and industry *did* receive a fair compensation; and having become convinced that the expenses of living can never again approximate to what they were before the war; we feel that we have a right to ask of Councils, that they co-operate with the body that best knows our necessities, and our

deserts, and relieve us from the unpleasant supposition, that our dependence upon the city is ungenerously taken advantage of, to refuse us a portion of that justice which you are compelled to give to the commonest laborer in your employ.

We are sometimes asked, "Why not embrace some other profession? Why not open private schools?"

It is well known, that while other employees of the city have trades or professions to which they may resort, if not suitably compensated, we, who have devoted ourselves entirely to our profession cannot always be equally independent; and if we propose to establish private schools we have the too flattering fact to reflect upon, that the very excellence of the school system, which we have helped to build, gives us a rival that we cannot hope to overcome; and, therefore, but few of us could expect to succeed.

During the past year, however, a number of our best teachers, having become convinced of the hopelessness of obtaining a compensation commensurate with the labor required of them, abandoned the profession altogether. Others are contemplating the same course, and within a few days one of the most successful and highly esteemed teachers in Philadelphia, resigned his position to accept one in a mercantile establishment, which without, at present, adding to his income, promises at an early day to yield him the reward which always attaches to industry, intellect, and administrative ability, except as has been the case in the instance of the teachers of the public schools.

Every profession now offers to talent, industry, and skill, superior inducements to that of teacher in a public school, and the result is, that for many positions of importance at the disposal of the Board of Control, there are few or no applicants possessing the necessary qualifications. At the last semi-annual examination of teachers, held to fill several very responsible positions, but one applicant received a first class certificate. Unless some inducement be given for first class talent to remain in the schools, and similar talent to seek the profession, the public schools will soon show the evil effects of mistaking parsimony for economy.

We hope, gentlemen, that when you consider all the facts of our case, you will cheerfully comply with the

moderate and just application of the Board of Control, and your petitioners will ever pray, &c.

Signed by 1200 School Teachers.

APPENDIX No. 151.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Trusts and Fire to whom was referred the petition of the Spring Garden Hose and Steam Fire Engine Company, asking that a Fire Alarm Box may be placed in their engine house, respectfully report, that they have given the subject their attention, and find upon examination that the said company are now and have been since the change made in their location, which is a period of several months, without a telegraph instrument of any kind whatever, and that in the event of a fire it is difficult for them to get the alarm early, as there is no box in the vicinity. The Committee, therefore, submit the annexed bill for your consideration, and recommend its passage.

RESOLUTION

To release a certain property of Rowland H. Stokes, from the lien of certain judgments.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby directed to release from the lien and operation of certain judgments entered on the bonds of Rowland H. Stokes, Collector of outstanding taxes, [D. C., D. S. B., December, 1863, No. 269, and March, 1865, No. 177.] the following described property, that is to say: All that certain lot or piece of ground with the two three story brick messuages or tenements thereon erected (numbered 255 and 257), situate on the east side of Chester street, at the distance of one hun-

dred and twelve feet southward from the south side of Vine street, in the Tenth Ward of the City of Philadelphia; containing in front thirty feet and one inch, and extending in depth eastward forty-five feet: *Provided*, That the sureties of the said Rowland H Stokes consent thereto, and that the sum of ten dollars be paid to the City Solicitor for the use of the city, to defray the expenses incurred in the publication of this resolution: *And provided further*, That in the opinion of the City Solicitor, the interests of the city will not be prejudiced by said release.

APPENDIX No. 156.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance, to whom were referred four Resolutions, viz.: one entitled “Resolution for the receipt of City Warrants in payments of Taxes;” another entitled “Resolution for the redemption of City Warrants which have been due and unpaid for more than two years;” another entitled “Resolution for the receipt of City Warrants due more than three years in payment of Taxes;” and another entitled “Resolution of instruction to the Heads of Departments receiving public monies,”

Respectfully report,

That they gave these resolutions their careful consideration, and were satisfied of the impropriety and inexpediency of adopting any such measures, but inasmuch as there was considerable demand that some such course should be pursued, and entertaining a doubt of the legality of the same, they referred the subject to the City Solicitor for his opinion upon the proposed legislation.

The Committee have received a very able opinion from our City Solicitor, which is hereto annexed and made part of this report, in which he so satisfactorily shows the receipt of warrants as contemplated by the above mentioned resolutions, to be illegal, that the Committee ask to be dis-

charged from the further consideration of the subject, and submit the annexed resolution and recommend its passage.

RESOLUTION

To discharge the Committee on Finance from the consideration of certain Resolutions.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be discharged from the further consideration of four resolutions, viz.:

“Resolution for the receipt of City Warrants in payment of Taxes.”

“Resolution for the redemption of City Warrants, which have been due and unpaid for more than two years.”

“Resolution for the receipt of City Warrants due more than three years in the payment of Taxes.”

“Resolution of instruction to the Heads of Departments receiving public monies.”

CITY SOLICITOR'S OFFICE, No. 212 South Fifth Street.
PHILADELPHIA, *November 20th, 1865.*

JOSEPH F. MARCER, ESQ.,

Chairman of the Finance Committee.

DEAR SIR:—I have received your favor enclosing copies of four resolutions referred by Councils to your Committee, on the legality of which you have asked my opinion.

The first Resolution directs that “outstanding city warrants which have been due and unpaid for more than one year, shall be receivable in payment of municipal taxes and other dues owing to the City of Philadelphia.”

The second Resolution is in the same terms, proposing, however, to be applied to warrants “due and unpaid for more than two years.”

The third Resolution contains the same directions as to warrants of three years standing, and

The fourth Resolution proposes to authorize the "Heads" of all Departments receiving public moneys, to deposit "warrants drawn by their Departments and countersigned by the City Controller, with the City Treasurer as "Cash," who is directed so to receive and credit the same.

On the 1st of November, 1865, the amount of warrants outstanding (including Bounty Warrants), was \$2,493,-360 ⁷⁵/₁₀₀.

Many of them are doubtless in the hands of parties who have purchased them at large discounts. The passage of any of the resolutions submitted to me, would enable the head of every receiving and collecting department of the city to speculate with the holder of every warrant, and if it were possible to put any of these proposed resolutions into practical operation, the whole machinery of the City Government would be deranged if not destroyed in a single month.

Notwithstanding that such absurd results would flow from these enactments, I was at first inclined to believe that they might still be legal—the practical working of an ordinance having nothing to do with its legality. A closer examination of the subject, however, has led me to the conclusion that these resolutions would be as transgressive of the law as they are of practical effect.

The law in reference to the Treasurer of the City, (P. L. 1864, p. 28, Section 10,) evidently contemplates that the only thing he can receive is "money," and the only accounts he can keep must be "*cash* accounts."

The law defining the powers and duties of the Controller, (P. L. 1854, p. 30, Section 12, P. L. 1855, p. 573, Section 29,) point to the same conclusions.

And no one carefully perusing the various laws upon the subject of the payments to the Receiver and Collectors of Taxes, to the Guardians of the Poor, and to our various Departments, can hesitate to arrive at the conclusion that the proposed resolutions would be as illegal as they are impracticable. I would refer, amongst other statutes which might be cited, to the following:

Act of February 2, 1854, Section 11. (P. L. 28.)

" February 2, 1854, Section 19. (P. L. 33.)

" April 21, 1855, Section 19. (P. L. 268.)

Act of May 13, 1856, Section 25. (P. L. 568.)

“ May 13, 1856, Section 9. (P. L. 569.)

“ April 21, 1858, Section 2. (P. L. 385.)

“ March 30, 1859, Section 1. (P. L. 303.)

“ April 9, 1861, Section 3. (P. L. 268.)

In the year 1856, the same question appears to have been presented upon a proposition to accept outstanding warrants in payment of real estate belonging to the city, and then about to be sold by the corporation. In an opinion now before me of Hon. Wm. A. Porter, the City Solicitor at that date, most excellent and satisfactory reasons are given for his decision, that the measure then suggested was illegal. So far as the resolutions submitted to me would in any wise impair the security pledged to the holders of the City Loan, they would be for that additional reason unauthorized by and against law.

I am, therefore, of opinion that Councils have not the legal power to pass either of the resolutions referred to.

I am, very respectfully,

Your obedient servant,

F. CARROLL BREWSTER,

City Solicitor.

RESOLUTION

For the receipt of City Warrants due more than three years, in payment of Taxes.

Resolved, by the Select and Common Councils of the City of Philadelphia, That hereafter, outstanding City Warrants which have been due and unpaid for more than three years, shall be receivable in payment of Municipal taxes, and other dues owing to the City of Philadelphia.

RESOLUTION

For the redemption of City Warrants which have been due and unpaid for more than two years.

Resolved, by the Select and Common Councils of the City of Philadelphia, That hereafter outstanding City Warrants which have been due and unpaid for more than two years, shall be receivable in payment of Municipal taxes and other dues owing to the City of Philadelphia.

RESOLUTION

For the receipt of City Warrants in payment of Taxes.

Resolved, by the Select and Common Councils of the City of Philadelphia, That hereafter outstanding City Warrants which have been due and unpaid for more than one year, shall be receivable in payment of Municipal taxes and other dues owing to the City of Philadelphia.

RESOLUTION

Of Instruction to the Heads of Departments receiving Public Monies.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Heads of all Departments receiving public monies be and are hereby authorized to deposit warrants drawn by their Departments and countersigned by the City Controller, with the City Treasurer as cash.

That the City Treasurer be and he is hereby directed to receive all warrants so deposited, and credit the same as cash to the Department making such deposit.

APPENDIX No. 160.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report an ordinance fixing the tax rate for the ensuing year.

Accompanying this report is a statement prepared by the City Controller, showing the general and additional appropriations to November 1, 1865, and estimated expenses for the year 1866.

From this statement it appears that the estimated liabilities of the City of Philadelphia for the year 1866 are as follows:

Estimated expenses for the year 1866,	\$7,160,029 37
Outstanding warrants on November 1st,	
including bounty warrants, - -	2,493,360 75
Estimated discount and allowance on	
taxes for 1866, - - - -	700,000 00
Estimated amount of warrants likely to	
be drawn prior to January, 1866, -	799,000 00
Outstanding temporary loan, - -	346,000 00
Estimated amount of special appropriations,	
carried to 1866, or used during	
1865, - - - - -	1,000,000 00
	<hr/>
	\$12,498,390 12
	<hr/>

Estimated assets of the City of Philadelphia for the year 1866 are as follow :

Cash balance on hand, November 1, 1865, - - - - -	95,462 61
Estimated receipts of registered taxes for 1856, - - - - -	200,000 00
Estimated receipts from sources other than taxes, prior to January, 1866, and for year 1866, - - - - -	1,747,240 00
Estimated receipts from taxes of 1865, prior to January, 1866, and registered taxes, - - - - -	300,000 00
Estimated receipts from Trustees of Gas Works for 1866, - - - - -	220,500 00
Amount of loan, on hand and unsold, on which appropriations have been made, - - - - -	1,928,200 00
Amount of loan before Councils not yet passed, - - - - -	1,000,000 00
	<hr/>
	\$5,491,402 61
Amount required to be raised by taxation, - - - - -	7,006,987 51
	<hr/>
	<u>\$12,498,390 12</u>

There is in addition to above a claim by the State of Pennsylvania for \$500,000, for which suit has been brought.

The greatly increased indebtedness of the City Government is owing to the very large amount heretofore appropriated for the encouragement of enlistment, and the support of the families of volunteers, a claim made at the time of the country's peril which none could resist. These appropriations, made in a spirit of patriotism, must now be met, or rather the interest provided for, which necessarily augments to a considerable extent the liabilities of the City: and the greatly enhanced value of labor and materials adds largely to the increased expenses of the Municipal Government.

By the estimate above referred to it will appear that in order to meet the expenses of the City in full for the year 1866, and liquidate the outstanding warrants, amounting to \$1,493,360 75, exclusive of \$1,000,000 for bounties, it would require that a tax should be levied of four dollars and forty cents in the hundred dollars. The majority of the Committee, however, refused to fix a larger rate than four dollars, which will of necessity leave a deficiency at the end of the year to be provided for by loan or otherwise.

The Committee recommend that great care should be taken in making the appropriations to the several departments that no extravagance or useless expenditure of money be allowed, and that in view of the heavy rate of taxation made necessary by the creation of loans incident to war purposes, the relief of families of volunteers, and the heavy advance in labor and materials necessary to carry on the working of the City Government, that all extra or special appropriations be avoided. That the City should be somewhat embarrassed is by no means strange, when it is taken into consideration that, during the recent war, almost, if not all the officers' salaries have been increased, the price of all supplies and labor largely enhanced, while the valuation of property, which is the basis of taxation, remains nearly the same. It cannot be that City Councils are required to carry on the Government with the same rate of taxation that was levied previous to the creation of those debts and with this advance in prices.

The Committee recommend the early passage of the annexed ordinance, entitled "An Ordinance to levy and fix the rate of taxes for the year 1866."

AN ORDINANCE

To levy and fix the rate of Taxes for the year 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Commissioners are hereby authorized and required forthwith to levy on the taxable property returned by the assessors, as the assessment made in the year 1865, (except such as is marked

“rural”), a tax of four dollars in three hundred dollars, on the assessed value thereof, and upon every taxable inhabitant of the City the sum of twenty-five cents.

SEC. 2. The said tax to be levied for the year 1866, as one City and County tax, and is hereby voted for the following objects for the said year, viz.:

Item 1. For the relief and employment of the poor, the sum of seventeen cents.

Item 2. For the Public Schools, the sum of fifty-eight cents.

Item 3. For lighting the City, the sum of twenty-eight cents.

Item 4. For the payment of the interest on the funded debt, and for the Sinking fund, the sum of one dollar and fifty-four cents.

Item 5. For the care of the Public Highways, the sum of twenty cents.

Item 6. For supply of water, the sum of twenty-one cents.

Item 7. For the Police, the sum of thirty-seven cents.

Item 8. For the care of City Property, the sum of six cents.

Item 9. For the Department of Fire, the sum of seven cents.

Item 10. For the Prisons, the sum of seven cents.

Item 11. For the Department of City Commissioners, the sum of eleven cents.

Item 12. For street cleansing, the sum of seven cents.

Item 13. For the remaining expenses of the municipality, the sum of twenty-seven cents.

And said amounts are hereby declared to be appropriated for said objects, subject to further direction by ordinance; and it shall be the duty of the Receiver of Taxes to cause to be printed on the tax bills the rates voted for the objects hereinbefore mentioned.

SEC. 3. On all such portions of assessed property marked “rural”, only two thirds of the tax shall be levied; and no part of that set apart for the relief and employment of the poor, shall be levied on the assessed property situate in the Wards where houses for the accommodation of the poor are provided, as required by the eighteenth section of the Act of February 2, 1854.

SEC. 4. That in pursuance of the power vested in the Councils of Philadelphia by "A Further Supplement to an Act to incorporate the City of Philadelphia," approved April 17, 1861, there shall be the following allowance made to the payers of taxes, and penalty added for the non-payment by the Receiver of Taxes, to wit: at the rate of twelve per cent. per annum from the date of payment until the first day of January, if paid before the first day of September; if paid after the first day of September, and on or before the first day of October, an addition of one per cent., and if not paid until after the first day of October, then an addition of two per cent, shall be added to and payable on the same; and if not paid until after the first day of December, then an addition of three per cent. shall be added to and payable on the same.

APPENDIX No. 161.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—In accordance with a resolution of Councils instructing the Committee on Gas Works to confer with the Board of Trustees, in relation to the expediency of a reduction in the price of Gas, your Committee beg leave to submit the accompanying statement received from the Board of Trustees, and ask to be discharged from the further consideration of the subject.

Very respectfully,

ALEX. J. HARPER, <i>Ch'n</i> ,	J. W. HOPKINS,
ALEXANDER M. FOX,	H. MARCUS,
JAMES TELFORD,	SAM'L W. CATTELL,
M. HALL STANTON.	

RESOLUTION

Discharging the Committee on Gas Works from the further consideration of
a certain Resolution.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Gas Works be dis-

charged from the further consideration of a "Resolution of Councils instructing the Committee on Gas Works to confer with the Board of Trustees in relation to the expediency of a reduction in the price of Gas."

Report of the Committee appointed to examine the Accounts of the Trust, for the first six months of the year 1865.

To the Trustees of the Philadelphia Gas Works.

The Committee to whom was referred the report of the Cashier, showing the workings of the Trust for the first six months of the present year, respectfully report,

That after considerable labor they present the annexed exhibits marked No. 1 and 2, as showing the result of examination made by them. It will be seen that our exhibits differ materially in some points from that presented on the day of September, but as your Committee have taken the trouble to go over the books, examining in detail nearly every item, we think that we approach as near accuracy as from the condition of the accounts can possibly be expected.

The indebtedness on the first day of July, for labor and materials, exclusive of coal, used in the manufacture of Gas, has been estimated by us after carefully examining the record of bills paid subsequent to that time, and comparing them with statement furnished by the officers of the Trust.

The Committee do not wish to be understood as reflecting upon by a sense of duty to urge upon the Board that a thorough change be made in the system of keeping its accounts as kept at present, it is almost impossible to fathom them, and this will account for the fact that in order to get at the figures necessary to make up the account which we present, it has taken two months' labor of three hours per day. Whereas, with books kept in a modern business-like manner, the information could have been obtained in as many minutes as it has taken hours. Since the organization of this Trust up to the present time, it has fortunately happened that but with very few exceptions, its officers have been men of unimpeachable integrity, but the immensity of its receipts and expenditures at present makes it imperative upon the Board to

manifest a vigilance of its officers that has not heretofore been deemed necessary.

This suggestion is made to the Board because, during the examination of its accounts, our attention has been called to a variety of collateral matters which is not necessary to set forth in this report, but which we think need careful scrutiny.

In conclusion, the Committee would suggest that inasmuch as the object of the members of this Board in procuring the statement of the late Cashier, and its examination by us, was with a view of enabling them to act advisedly on the matter of the price to be charged for Gas, they have now full information before them in a condensed form as to the workings of the Trust for the first six months of the year, and from the facts and figures thus presented they can form an opinion nearly approaching to certainty, of the profits to be realized during the six months ending December 31st.

APPENDIX No. 162.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Gas Works, to whom was referred the estimate for lighting, extinguishing, cleaning and repairing the public lamps of the City for the year 1866, beg leave to offer the following report with resolution annexed:

The Trustees of the Gas Works have asked for a very large increase for furnishing gas to, and extinguishing, cleaning and repairing the public lamps, amounting in the aggregate to the large sum of about one hundred and seventy thousand dollars. As the Board of Trustees have demonstrated by their own statements, already submitted, that the Trust is enabled at the present rates to pay its way and still have remaining a small surplus, your Committee are of opinion that now is not the proper time to increase the burdens of the tax-payers. They, therefore, recom-

mend that the same prices be continued as those of the year 1865, and submit the following resolution, and ask its adoption. Respectfully,

ALEX. J. HARPER, <i>Ch'n</i> ,	J. W. HOPKINS,
ALEXANDER M. FOX,	H. MARCUS,
JAS. TELFORD,	SAM'L W. CATTELL,
M. HALL STANTON.	

RESOLUTION

Relative to the price of Gas furnished for the Public Lamps.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the prices for lighting, extinguishing, cleaning and repairing the public lamps for the year 1865 be continued for the year 1866.

DEPARTMENT OF SURVEYS,
September 27, 1865.

WM. A. STOKLEY, ESQ.,
President of Common Council.

DEAR SIR:—I beg leave to call the attention of Councils to the fact that the contracts authorized for the improvement of the western approach to the Wire bridge and the grading and bridging of Fifth street from Nicetown lane to Fisher's lane, have been completed, and that the amounts appropriated therefor have been insufficient to pay for the work. The work at the Wire bridge was done under Ordinance of April 25, 1864, and an item of \$16,000 therefor placed in the appropriation bill for the Highway Department of that year. The cost of this work has been \$18,059.02, making a deficiency of \$2,059.02: this was caused by our being compelled to go deeper for the founda-

tions than was anticipated in that rocky locality, and even then build upon a platform of timber.

The work upon Fifth street was performed under Ordinance of May 5, 1864, in which was an appropriation of \$18,500. This work has cost \$20,850.35, making a deficiency of \$2,350.35, which was caused by meeting rock unexpectedly in the excavation, and the placing of rip rap to protect the smaller of the bridges.

The contractor cannot obtain this deficiency without the action of Councils, and I have therefore deemed it my duty to report the facts to your Chamber.

Very respectfully,

STRICKLAND KNEASS.

Chief Engineer and Surveyor.

AN ORDINANCE

To make an appropriation to the Department of Highways, Bridges, &c., to pay for completing the work on the western approaches to the Wire bridge and on Fifth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of four thousand four hundred and nine dollars and thirty-seven cents (\$4,409.37) be and the same is hereby appropriated to the Department of Highways, Bridges, &c.: to pay for the completion of the work on the western approaches to the Wire bridge, in accordance with Ordinance, approved April 25, 1864, two thousand and fifty-nine dollars and two cents (\$2,059.02); to pay for the completion of the grading and bridging of Fifth street from Nicetown lane to Fisher's lane, in accordance with Ordinance, approved May 5, 1864, two thousand three hundred and fifty dollars and thirty-five cents (\$2,350.35).

SEC. 2. Warrants for the said appropriation shall be drawn by the Chief Commissioner of Highways in conformity with existing ordinances.

APPENDIX No. 165.

AN ORDINANCE

Supplementary to an ordinance, entitled "An Ordinance to locate Steam Fire Engines," approved February 21, 1859.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the station of the Mount Airy Fire Engine Company, situate on Main street near Baker street, Mount Airy, in the Twenty-second Ward, be and the same is hereby approved as a suitable location for a steam fire engine, and the said Company is empowered to procure a steam fire engine, to be housed in the above location, in accordance with existing ordinances : *Provided, however*, That the gratuity given to the said Company shall not be more than twelve hundred dollars per annum.

APPENDIX No. 166.

To the President and Members of the
Select and Common Councils of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed petition, asking for a sewer on Coates street between Twenty-third and Twenty-fourth streets, herewith present a bill authorizing the construction of the same, with the understanding that property owners pay the cost thereon excepting the inlets and

intersections, the payment required from the city will not exceed two hundred dollars, and ask its adoption.

HIRAM MILLER,	ROBERT ARMSTRONG,
THOS. H. GILL,	JOSHUA SPERING,
SAM'L W. CATTELL,	THOS. A. BARLOW.

November 23, 1865.

AN ORDINANCE

To authorize the construction of a sewer on Coates street, Fifteenth Ward.

Whereas, A majority of the property owners on the line of Coates street, between Twenty-third and Twenty-fourth streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Coates street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held May 15, 1865, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And Whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Coates street, to commence at and intersect the sewer now constructed in Twenty-fourth street, and to extend eastwardly to the east curb line of Twenty-third street, with a clear inside diameter of two feet six inches, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the

sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly, approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon, exclusive of the cost of the street intersections and the legal deductions authorized by Act of Assembly, shall be paid by the owners of property. The cost of the street intersections, legal deductions and manholes, shall be paid from Item 22 of the Department of Highways for the year 1865: *Provided*, That the whole amount to be paid for street intersections, legal deductions and manholes, shall not exceed the sum of two hundred dollars.

APPENDIX No. 167.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Special Committee to whom was referred the Resolution to increase the revenue derived from the City Railroad, most respectfully report, that after a careful consideration of the resolution, they have agreed to report the annexed ordinance as better adapted for the purpose, and recommend its passage.

AN ORDINANCE

Establishing charges for connections with the City Railroad, and for making turnouts into private property.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That every connection with the City railroad on Market and Broad street, shall pay to the Superintendent of City Railroads for the use of the city,

the sum of one hundred dollars annually, and hereafter no license shall be issued to make a connection with said railroad, except upon the condition that there shall be paid the said sum annually thereafter.

SEC. 2. That every person, firm or company, having a curve connection with any railroad entering the City of Philadelphia, shall from and after the first day of January, 1866, pay to the Superintendent of City Railroads, fifty dollars annually for the use of the city.

SEC. 3. That the annual sums fixed by the first two sections hereof, if not paid on or before the first day of April of each year, the Superintendent of the City Railroads shall remove the curve connection, and all ordinances or parts of ordinances conflicting herewith, are hereby repealed.

APPENDIX No. 168.

RESOLUTION

Of Inquiry to the City Solicitor.

Resolved, by the Common Council of the City of Philadelphia, That the City Solicitor be requested to inform Councils what railroads, if any, have been relieved by the Legislature of the State from keeping the streets in order that are now occupied by railway companies.

APPENDIX No. 187.

To the President and Members of the
Select and Common Councils of the City of Philadelphia:

GENTLEMEN:—The Committee on Markets to whom was referred the annexed ordinance, would respectfully report. That we have given the subject our careful consideration, and would say in consequence of the many ordinances of the old City proper and the several incorporated districts governing the Public Markets, which are local in their character, and in many respects deficient, that there exists a great necessity for a uniformity of said laws.

We, therefore, earnestly recommend the passage of the same.

GEO. DERBYSHIRE, <i>Ch'n</i> ,	G. W. MACTAGUE.
DANIEL P. RAY,	ANDREW ZANE, Jr.,
C. M. WAGNER,	GEO. F. OMERLY,
JOS. MANUEL,	SAML. C. WILLITS.

AN ORDINANCE

To make uniform rules and regulations for the government of the Public Market Houses of the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the stalls and stands within the several Public Market Houses and places, for the use of which rents may be lawfully charged by the City, shall annually on such days as the Commissioner of Markets shall appoint, be let to such persons as by law or ordinance are entitled to rent the same at such prices as are now, or may be established by ordinance or regulation of the

department of Market Houses, and it shall be lawful for parties renting stalls or stands to pay the rent thereof to the Commissioner of Market Houses semi-annually in advance.

SEC. 2. That the Commissioner of Markets shall give at least ten days notice by advertisement in two or more public newspapers, or by bills posted at the corners of the market houses, that the said stands and stalls will be rented as aforesaid.

SEC. 3. That every farmer being a lessee of any stall or stand in any of the Public Market Houses, who shall underlet such stall or stand to any farmer by virtue of any Act of Assembly, shall immediately upon making such lease furnish the name of such under lessee to the Commissioner, with the date of such lease and the length of time for which the same is to continue, in default of which the said stall or stalls be forfeited.

SEC. 4. Any butcher renting a stall in either of the Public Market Houses, who shall at any time omit to occupy the same for three successive market days in the regular exercise of his business, without presenting to the Commissioner a satisfactory reason for such omission, or shall underlet the same, shall be deemed to have abandoned such stall or stalls to the city, together with the rents which have been paid thereon; and the said Commissioner may rent such stalls or stands for the rest of the year, to any person entitled by law or ordinance to rent the same.

SEC. 5. No person shall, without authority, occupy any of the said stalls or stands, or expose thereon any articles for sale, or shall use the same for purposes other than those for which they are appropriated, without permission from the Commissioner of Markets.

SEC. 6. No person shall sell or expose for sale within the public markets and market places, any live animals, except poultry, game, small pigs and fish, nor any strong beer or spirituous liquor, mixed or unmixed, nor shall any beast be killed, nor any meat or fish be cured or salted, nor shall fish be cleaned, nor shall any pickle, garbage, rough fat, uncleaned tripe, cattle feet or offal matter be laid, placed or thrown out in said market houses or places: *Provided*, That it shall not prevent butchers from corning meat.

SEC. 7. That horses and vehicles of whatever kind which shall be brought to the market houses or market places

for the purpose of there depositing articles for sale, shall be forthwith unladen and removed from the market limits, and such as shall be brought for the purpose of taking away articles remaining unsold, shall be laden and removed in like manner.

SEC. 8. No barrow or other vehicle shall be brought into the market houses; no horse or other animal shall be fastened to any of the columns, piers or fixtures of the market houses.

SEC. 9. That no person shall wilfully injure or deface any part or fixture, or appurtenance of any Public Market House.

SEC. 10. That persons occupying stalls or stands, shall, when leaving them, remove therefrom all blocks, benches, tubs, baskets and other articles used by them; or those occupying stalls shall secure such property beneath them by strong chains and locks; the movable posts and bars, where such shall be used, shall in like manner be secured in the places provided for them by the persons occupying such stalls.

SEC. 11. That the renters and occupiers of stands under the eaves, and at the ends of the market houses, shall not attach thereto any posts, railing or other appendage; but shall provide themselves with benches, tables or detached stalls, which shall not exceed in length the permanent stalls at the side of which they may be placed, and shall be arranged in such manner as not to obstruct the passages of the market house, or interfere with the free access to any part thereof, except permission from Commissioner of Markets.

SEC. 12. That no person shall use steelyards or spring balances within the market houses, market places or market limits, nor shall sale be made by other weights and measures than such as shall have been legally regulated and stamped, and by just scales.

SEC. 13. No person shall bring to the market houses or market places for sale, any bread, lard, butter or other provisions in lumps, loaves or other parcels, as or for a greater weight or measure than the true weight and measure thereof, or shall employ any device for imposition or fraud in the sale of any provisions.

SEC. 14. That no person, except farmers bringing the produce of their farms to market, shall sell or expose for

sale any butchers' meat, in any of the streets or other highways of the city, south of Lehigh avenue, east of the river Schuylkill, or north of Morris street, in any cart, wagon or other carriage, nor shall carry about the same therein for sale.

SEC. 15. That no person shall smoke a segar, pipe or pipes, or carry any open umbrella during market hours, in any public market house within the City of Philadelphia.

SEC. 16. That it shall be the duty of the Commissioner of Markets, whenever application may be made to him for that purpose, to designate places in the public streets from which oysters may be sold from carts or wagons, during the months in which oysters may now by law be exposed for sale: *Provided*, That not more than one such place shall be designated in any square, nor shall more than one cart or wagon be allowed to stand therein, and that no person or persons using such place designated, shall suffer his, her or their cart or wagon, nor suffer or permit any oyster shells to remain thereon after sundown.

SEC. 17. That no person or persons shall expose or offer for sale any fruits, vegetables, &c., from any barrow, cart or other vehicle, within two squares of the line of any Public Market House, during market hours.

SEC. 18. That hereafter any person or persons occupying any of the stalls or stands in any of the Public Market Houses, shall vacate the same at three o'clock, P. M.

SEC. 19. Any person or persons who shall be guilty of violating any of the provisions of the above ordinance, shall pay such fines as are hereafter stipulated, together with costs thereon to be recoverable as fines, are now recovered by law. The penalties are as follow: For violating

Sections 12 and 14, the sum of twenty dollars.

" 9 and 17, " ten "

" 5, 6, 7, 8, 10, 11, 13, 16, and 18, the sum of five dollars.

" 15, the sum of two dollars.

SEC. 20. That any ordinances or parts of ordinances inconsistent with any of the provisions of the above ordinance, be and the same are hereby repealed.

APPENDIX No. 188.

APPENDIX No. 200.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Port Wardens, to whom was referred the application from owners of property situated on the west side of the river Schuylkill, between Chestnut street and the Alms House Wharf, asking that the Warden's line along their river front may be revised; have given the subject their attention and examination, and now present a plan exhibiting a new line as proposed by the Chief Engineer and Surveyor, and approved by the Board of Surveyors, with a bill accompanying the same, which they trust may receive the sanction of Councils.

R. M. EVANS, *Ch'n*, H. W. GRAY,
GEO. F. OMERLY, G. W. HOPKINS,
DANIEL P. RAY, JAS. A. FREEMAN,
JOSEPH EARNEST.

AN ORDINANCE

To revise the Wharf-line on the river Schuylkill, between Chestnut and South streets, Twenty-fourth Ward.

Whereas, By the Act of Legislature, passed February 2nd, 1854, entitled "A Further Supplement to an Act to incorporate the City of Philadelphia," it is made the duty of the Councils of the City of Philadelphia to fix the lines beyond which no wharf or pier shall be constructed, etc., etc. Now, therefore :

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the easternmost line, to which wharves may be constructed into the river Schuylkill, from the western side thereof, between the south side of the second wharf below Chestnut street to the south side of the Alms House ferry wharf opposite South street, shall be, and the same is hereby revised, fixed and determined according to the description herein set forth, to wit : beginning at a point 145 feet south of the south line of Chestnut street, 522 feet east of Bridgewater street, an angle at second wharf below Chestnut street, in wharf line now established upon the western side of the river Schuylkill and approved by the Board of Wardens, October 6th, 1851, said angle being at the distance of 145 feet south of the south line of Chestnut street and 522 feet east of the east line of Bridgewater street, as now fixed ; thence to a point upon the northern line of Walnut street, four hundred and thirty-six feet eastward from the east side of Bridgewater or Thirtieth street, as now established ; thence to the north line of Locust street three hundred feet eastward from the east line of said Bridgewater or Thirtieth street ; thence to a point in Spruce street, at the distance of twenty-five feet eastward from the east line of said Bridgewater or Thirtieth street, and at the distance of five hundred feet three inches southward from the north line of Locust street ; thence to the south side of the Alms House wharf, at a point twelve feet easterly thereof, in line of South street.

SECT. 2. That if any person or persons, after the publication of this ordinance, shall erect or extend any wharf, or building in the nature of a wharf, into the tide way of the river Schuylkill, contrary to law or beyond the line

established by this ordinance, or any warden's line which may be established upon the navigable waters within the City of Philadelphia, he, she or they, so offending, shall, upon conviction thereof, before the Court of Quarter Sessions of the City of Philadelphia, forfeit and pay the sum of four thousand dollars, to the use of the said City of Philadelphia, to be recovered in the same manner as other fines and forfeitures are recoverable by law, and the Board of Port Wardens may, upon the conviction of the offender as aforesaid, cause the said wharf, or other building in the nature of a wharf, to be removed or abated, and if the expense of said removal or abatement exceed the fine and forfeiture affixed by the Court, the excess shall be recovered in a civil suit against the offender, before the District Court of the City of Philadelphia.

SEC. 3. Prior to the commencement of any new wharf or to the extension of any wharf, the correct lines shall be furnished by the District Surveyor, who shall be entitled to a fee, in advance, of two dollars for each and every ten feet width of wharf, and who shall prepare a minute and detailed plan of the location of said wharf, for the owner thereof, and shall deposit a duplicate thereof in the Department of Surveys, and on application to the Board of Port Wardens for a permit for the construction or extension of a wharf, a minute and detailed plan of survey of said wharf shall be furnished the said Board, to be filed in their office.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred an Ordinance making an appropriation to the Board of Controllers of Public Schools, for the year 1866, have carefully considered the subject and respectfully report, that they have disallowed several items, among which are those relating to physical education, and music; also the item providing for increased clerk hire for the Board of Controllers.

The item that claimed chiefly the attention of the Committee, was that relating to the salaries of the Teachers, which, by a resolution passed unanimously by the Board of Controllers, have been increased in their estimate for 1866 nearly twenty-five per cent.

The Annual Report of the Board of Control for the year 1864 contains valuable statistics, comparing the relative cost of popular education in the cities of New York, Philadelphia, and Boston. A careful examination of these statistics will show that the expenses of the Department of Schools in this city have been much less, comparatively, than in either of the two other cities named, and, that the difference is owing chiefly to the smallness of the salaries paid to the Teachers of Philadelphia, when contrasted with those paid in New York and Boston.

We find in the tables appended to the Annual Report of the Board, that twelve hundred and eighty-three teachers of all grades, in this city, received salaries amounting in the aggregate to five hundred and thirty-two thousand, seven hundred and thirty dollars, (\$532,730,) making an average compensation of four hundred and fifteen dollars and twenty-two cents per teacher.

In Boston, during the same year, five hundred and eighty-five teachers received three hundred and twenty-four thousand six hundred and ninety eight dollars, (\$324,698,) an average of five hundred and fifty-five dollars and four cents per teacher, and we have information, that the School Board of that city are now considering the question of raising those salaries, with a prospect of its being done.

In New York during the same year, nineteen hundred and thirty teachers were paid salaries amounting to one million one hundred and forty-two thousand six hundred and thirteen dollars and thirty-nine cents, (\$1,142,613.39,) giving an average of five hundred and ninety-two dollars and two cents per teacher.

It will thus be seen, that the average salary paid to teachers in this city is not much more than two-thirds the salary paid in Boston and New York; at the same time, it should be noticed that the number of pupils allotted to each teacher in Philadelphia, is much greater than in either of the other cities.

A further examination of the tables prepared by the Board in their Annual Report will exhibit the fact that, in this city—

Eight hundred teachers receive \$.80 each per day.					
Two hundred	"	"	1.00	"	"
Two hundred	"	"	1.25	"	"

Showing that a large class of ladies who are required by the Rules of the Board of Controllers (now strictly enforced) to possess a high order of talent, receive about two-thirds of a washerwoman's wages, and that many others occupying laborious and responsible positions as principals, are paid less than the janitress who sweeps the floors of the school rooms.

The principal of a first class Boys' Grammar School in this city who holds a position, to be obtained only after many years of experience and devotion to his profession, and then only after proof of consummate ability, and who has, in addition to the entire supervision of his large school, the sole charge of a division of his most advanced pupils, receives a salary of \$1,500 per annum.

The New York principal, who has a male assistant receiving from \$1,200 to \$1,400 per annum, and who has no division of his own, has a salary of \$2,200.

The Boston principal also receives \$2,200 per annum, and has two male assistants, one receiving from \$1,000 to \$1,200, and the other from \$1,400 to \$1,800 per annum.

In view of these facts, we cannot but come to the conclusion that the teachers of Philadelphia have been paid very inadequately for the work they are required to perform.

The Committee have been much impressed by the fact that the entire cost per pupil under the estimate allowing the increase of salary, will be less than \$13 per annum, or only 25 cents per week, and that this remarkably small cost includes all kinds of expenses—tuition, books, stationery, fuel, repairs of buildings, new furniture, housekeepers' wages, &c. This, together with the proofs which have been adduced, showing the superiority of the education furnished to the youth of our city, gives conclusive evidence, that the important department intrusted to the Board of School Controllers has been managed with rigid economy.

The President of the Board of Controllers has informed the Committee, that numbers of teachers have, within a few months past, resigned their positions on account of the inadequacy of their salaries. He also states that recent examinations held by the Board exhibit a great falling off in the number of competent applicants. At a teachers'

examination held within the last month, after due advertisement, in this, and a number of neighboring counties, only five male applicants were present, though several high positions were vacant, and, but two of the number passed the examination; and, but twenty-eight lady applicants succeeded, out of one hundred and seventy-three present.

The number of male principals, who have recently resigned, amounts to about one-fourth of all employed, and comprises many gentlemen well known for their ability and success. Others are reluctantly contemplating the same course, and there is danger that the city may lose the services of most of the teachers, who have, by many years of experience and practice, acquired a perfection in their art which should be valued and preserved to the use of the schools.

Carefully considering the facts thus submitted, the Committee recommend the passage of the Ordinance attached, making an appropriation to the Board of Controllers for School purposes, amounting in the aggregate to one million seventeen thousand eight hundred and ninety-three dollars.

We believe that, although it is necessary at this time to curtail every possible expense, yet the strict economy manifest in the estimate presented by the Board of Controllers forbids any further reductions than those which we have already made.

Viewing popular education as one of our most valued institutions, and as one that has contributed greatly towards the advancement of our country to power, wealth, and happiness, we believe that no mistaken idea of retrenchment, amounting to parsimony, should be allowed to retard the progress or diminish the efficiency of our economical and excellent Public School system.

We therefore, respectfully and earnestly urge upon Councils the passage of the accompanying ordinance.

SECT. 2. And warrants shall be drawn by the Board of Controllers, in conformity with existing ordinances.

APPENDIX No. 214.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The undersigned, a minority of the Committee on Finance, respectfully report that they are compelled to differ with the majority of said Committee upon the report which they have made, recommending the passage of “An Ordinance to make an appropriation to the Department of Public Schools for the year 1866.

The ordinance which the majority ask Councils to pass, contains an increase over the appropriations of the year 1865, in items of salaries of teachers, amounting in the aggregate to the sum of \$165,834.

During the year 1864, and the early part of the present year, the salaries of nearly all, if not all, of the employees of the City Government, including the male and female school teachers, were advanced, and the teachers now ask for a further increase. True it is that some very forcible reasons are given in favor of the advance in salaries in the department above mentioned, but members of Councils should remember the additional burden recently imposed upon our citizens in the form of an increased taxation, and that too, of an amount admitted to be inadequate to meet the expenses of the municipal government, as estimated by the City Controller.

Councils have in reality already passed upon this question of increase, and that action was adverse.

In the statement submitted by the City Controller to Councils, of the probable expenses of the year 1866, this amount of increase is included; and after a very careful examination thereof, the Committee on Finance reported that \$440 was needed to meet the expenses, exclusive of a debt due the State; but that a majority of the members would agree to vote only \$4. Common Council received this report, accepted the proposition to levy only \$4, and thus agreed (if they propose to do what we conceive to be the duty of every honest legislator) to reduce the appropriations to the several departments for the year 1866, so far as will be consistent for the general good and to avoid all extra and extravagant expenses of any kind whatsoever;

in fact, to do what the citizens demand of us:—control the affairs of this city in as economical a manner as possible.

In the progress made thus far by the Committee on Finance in the consideration of appropriation bills, the Committee have failed to find one Department of the City Government, aiding or assisting us in retrenchment; but on the contrary most of them are demanding an increase of salaries, or increased amounts for expenditures.

Great stress has recently been laid by some members of Councils upon the fact that our warrants are outstanding unpaid, and at a discount; that the Committee on Finance do nothing towards their liquidation. The minority of that Committee do now say: Do not, as you have heretofore done, agree to pay when you have not the means; but raise the money that is actually requisite to pay the present salaries. Do not increase them when you cannot pay them as they are. Curtail your expenses, thus enabling the City Treasurer to pay the warrants of the school teachers as presented, and we think you serve that useful and necessary class much more than by the advancement of their salaries, and compelling them to suffer a much larger discount.

We are unable to perceive any reason or justice in agreeing to pay more than we receive, a course, which, if pursued by any member of this body in his own business relations, would result in insolvency in a very short period of time.

The taxes now levied for the support of the general government, and the payment of the large indebtedness caused by the war is heavy enough without augmenting it by the further increase of the salaries of any of the officers of the City Government. We therefore submit that the ordinance as presented should not be passed, but be recommitted with instructions to make the salaries the same amount as last year.

APPENDIX No. 215.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Police, to whom was referred the annexed ordinance, entitled “An Ordinance to authorize the appointment of Clerks to the Mayor,” would respectfully report that they have carefully considered the same, and find that there are two clerks who perform the same duty, and this ordinance does not increase the amount paid for the two clerks, but merely equalizes the salary, and places them on an equality as clerks; and they therefore report the same back as committed, and ask its passage.

Respectfully, yours,

JAS. H. BILLINGTON, <i>Ch'n</i> ,	S. W. MACTAGUE,
THOS. H. GILL,	JOSEPH B. HANCOCK,
JOSEPH EARNEST,	E. A. SHALLCROSS,
FRED'K A. VAN CLEVE.	

December 14, 1865.

AN ORDINANCE

To authorize the appointment of Clerks to the Mayor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the 1st day of January, A. D. 1866, the Mayor of the City of Philadelphia shall appoint at his pleasure two clerks, whose duties shall be defined and prescribed by the Mayor; the salaries of said clerks shall be thirteen hundred dollars (\$1,300) each per annum.

SEC. 2. That so much of any and all former ordinances, or parts of ordinances, as are altered or supplied by the provisions of this ordinance, be and the same are hereby repealed.

APPENDIX No. 216.

RESOLUTION

Of Request to the Legislature.

WHEREAS, It is in contemplation to ask the Legislature of this State to create additional wards in the City of

Philadelphia; AND WHEREAS, No advantage can be derived by said increase of wards, and only add additional burdens to the tax payers of the City of Philadelphia: therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That our Legislature at Harrisburg is respectfully urged to vote against any increase of said wards in the City of Philadelphia.

And the Clerks of Councils are hereby directed to transmit a copy of the above resolution to the members of the Senate and House of Representatives of this State immediately on their organization.

APPENDIX No. 217.

RESOLUTIONS

Relative to the repeal of a certain provision of an Act of Assembly, approved April 9th, 1861.

WHEREAS, By an Act of Assembly, entitled "A Supplement to an Act consolidating the City of Philadelphia, approved April 9, 1861," the Receiver of Taxes is authorized to charge five per cent. upon delinquent tax payers:

AND WHEREAS, Such a provision, in view of the heavy increase of taxation for the coming year, will operate oppressively upon an already onerously burdened class of the community, without a corresponding benefit to the City treasury, but solely to add to the profits of an official whose compensation is already amply and liberally provided for by law: therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Senators and Representatives from this City be and they are hereby requested to use all honorable means to procure the repeal of that provision of the Act alluded to, which authorizes the Receiver of Taxes to charge five per cent. upon delinquent tax payers.

Resolved, That the Clerks of Select and Common Councils be and they are hereby directed to send copies of the foregoing preamble and resolution to each of the Senators and Representatives from this City, respectively.

APPENDIX No. 224.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee of Finance have had before them, and have carefully considered, an "Estimate for the Philadelphia County Prison for the year 1866," and have passed the same. Your Committee cannot refrain from calling your attention to the fact that, notwithstanding a very large increase in the population of this institution, the Board ask for a less sum than that of last year, and this, too, in face of the fact that they have found it requisite to increase the salaries of their employees ten per cent., in order to compensate them for their greatly increased labors, and to save the employment of additional employees. The Committee, having full faith in the good management of the gentlemen of the Board, and, confiding in their knowledge as to what is best for the interests of the prison they so ably manage and govern, have passed their estimates with this increase included, and respectfully submit the subjoined ordinance.

GENTLEMEN :—The undersigned, a minority of the Committee on Finance, report that they cannot agree to the passage of the ordinance reported by the majority, entitled “An Ordinance to make an appropriation to the Inspectors of the Philadelphia County Prison for the expenses of the year 1866,” inasmuch as said ordinance contains items wherein the salaries of the officers of said institution are increased. These officers had an increase of salary last year, and we cannot permit, if in our power to prevent, any further increase of the liabilities of the city in the present condition of her Treasury.

COMMITTEE ROOM. JOINT COMMITTEE, SURVEYS AND REGULATIONS AND PORT WARDENS.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Joint Committee of Surveys and Regulations and Port Wardens, to whom was referred the application from the Pennsylvania Railroad Company asking a revision of the wharf line in front of their property on the Delaware at the Point House, have visited the locality and given the subject their careful attention. We now submit a report from the Chief Engineer and Surveyer upon the question, giving it as his opinion that it is inexpedient at the present time to permit any change in wharf line at that point, and as your Committee coincide

entirely with the views advanced, offer the following resolution.

RESOLUTION

To discharge the Joint Committee of Surveys and Port Wardens from the further consideration of a certain subject.

Resolved, by the Common Council of the City of Philadelphia, That it is inexpedient to make any change at the present time in wharf line now established at and immediately north of the Point House on the Delaware river, and that the Joint Committee of Surveys and Regulations and Port Wardens be discharged from the consideration of the subject.

DEPARTMENT OF SURVEYS, *Dec. 18, 1865.*

ROBT. M. EVANS, ESQ.,
Ch'n Com. Port Wardens.

DEAR SIR:—In obedience to your directions I have examined the proposed change in Wardens' Line as asked for by the Pennsylvania Railroad Company in front of their extensive property at and above the Point House. They ask that the line from near Bigler street on the Point House wharf may be so changed as to run parallel with the City streets and thus give them square or right angular ends to the wharves they are about erecting in that locality. I find that should their request be granted it will throw the wharf line three hundred feet into the channel at the Point House instead of ninety feet as now established, and reduce the channel-way in this the nar-

rowest part of the river (along the City front) to fifteen hundred feet. This I should not deem advisable under any circumstances; but again, a short distance below the Point House the western shore tends to the westward, which gives an angle at the Point House which it is desirable to *reduce* as much, as possible,—the line as asked for will greatly *enlarge* this angle. Our surveys along this shore between the Point House and League Island are not yet in such condition as to enable us to propose any new lines, but I feel assured that the line, as asked for, cannot be arranged, and that no change should be permitted by which the width of channel at the Point House would be reduced below its present established width.

Respectfully submitted,

STRICKLAND KNEASS,

Chief Eng. and Surveyor.

DEPARTMENT OF SURVEYS,
December 15, 1865.

To the Joint Committees of Surveys and Port Wardens.

GENTLEMEN :—

The subject of establishing a Wardens' line around that portion of Windmill island south of the Canal or "Thoroughfare," which was referred to me by your Committee, has received attention. The subject is one that cannot be treated with that clearness which is so desirable, from the fact, that in its most simple conditions, the questions of currents and bars in a tidal stream are most difficult to investigate with any absolute or even satisfactory results, and in this case is particularly so, from the many combined and continually changing elements which enter into the solution of the subject, the detail of which change, either as to cause or effect, it is impossible to obtain. Many maps have been examined, dating from Reed and Holmes, to that prepared by direction of Councils in 1856, the study of which shows clearly the difficulties as really insurmountable. In the question before us, it does not seem to be a point of great importance as to why the accretion upon the island should be at the *upper* end instead of the *lower*,—which is the fact,—as it certainly does not proceed from any change of outline on the island, but from the changes which from time to time have taken place upon the eastern and western shores of the river, where the erection of a single wharf may divert the current from its usual line and remove the position of a bar long known, which may again be changed simply by the construction of another wharf, thus creating a continual shifting of currents and bars, impossible to follow and trace; and although a long line may be established to effect certain results, yet until the line is absolutely *made* by the erection perhaps of a long series of wharves, covering years of time, its gradual advance, by projecting wharves, at different points in its line, may create changes in the tidal way which were never anticipated, and could not reasonably be foreseen. I therefore take the lower portion of the island as lying south of the canal as I find it, and submit a line, giving a limit, to which

wharves may be erected, so adjusted as to avoid as much as possible any severe angles, behind which there may be still water and, therefore, subsidence, and at the same time without reducing the governing width of channel. The narrowest point in the western channel is opposite the second wharf below Chestnut street, where we find between that wharf and the wharf upon the island a width of seven hundred and sixty feet. From the Camden and Amboy Railroad wharf to the wharf upon the island on the south side of the "Thoroughfare," *where out line begins*, we find a width of seven hundred and sixty-seven feet; the next point that governs us is at Lombard street, between a wharf now built upon island and the City line, where we have eighteen hundred and twenty-seven feet width, and again at the lower end of wharf upon island, where the channel is eight hundred and thirty-six feet. It is not proposed to reduce any of these widths, but merely fill up the intervening cove, by a line which shall conform as far as practicable, to the line of current both on flood and ebb, and prevent a deposit along the western island wharves. Upon the eastern side of island and through the "Thoroughfare," the line of wharfing, as now built, it is proposed to adopt as a Warden's line. Upon the south end of island, it is believed, a great improvement may be made, advantageous both to the City and the owners of the island. This lower end, as now protected by a wharf, is in shape square, and directly opposed in its line of face to the strong current of the flood tide; the effect of this is evident from the long bar now exposed south of it at low water; this bar, which, though not caused by the wharf as described, yet is shaped by it, and the deposit made from the still water created by the flood tide, dividing its flow proportional to the east and west channel, has so encroached upon the western channel at that end of island, as to be a serious injury. This, it is believed, may be improved by constructing an end to the island to conform with line as now submitted for a Warden's line; it will give direction to the current on the flood without creating still water, and, it is believed, tend to remove the deposit now encroaching upon the west channel as before noted. I therefore present a bill, descriptive of line submitted, with a traced drawing upon a large scale, cov-

ering the lower end of island, and also a traced map, showing the relative position of line proposed and the established Warden's line along the City front.

Respectfully submitted,

STRICKLAND KNEASS,
Chief Engineer and Surveyor.

AN ORDINANCE

To fix the lines on Windmill Island in the Delaware River beyond which no Wharf nor Pier shall be constructed.

WHEREAS, By the Act of Assembly, passed February 2d, 1854, entitled "A Further Supplement to an Act to incorporate the City of Philadelphia," it is made the duty of the Councils of the City of Philadelphia to fix the lines beyond which no wharf or pier shall be constructed, &c., &c. Now, therefore :

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the outermost line to which wharves may hereafter be constructed into the Delaware river from that part of Windmill island south of the canal or thoroughfare shall be, and the same is hereby fixed and determined as follows : Beginning at a point, the most westerly extremity of wharf now standing upon the southernly side of western entrance to thoroughfare in Windmill island (which point is one thousand and fifty-three feet east of the west line of Delaware avenue, at right angles to the line thereof, from a point two hundred and two feet south of the south side of Walnut street) ; thence in a direct line to a point thirty feet outside of the wharf as now built on the south side of entrance to main dock or basin on island, giving a water way of not less than eight hundred and fifteen feet between Wardens' lines ; thence to angle of wharf now built at about three hundred and three feet south of the entrance to basin aforesaid, with a width of channel not less than eight hundred and twenty seven feet ; thence along said wharf as built to offset opposite the lower end of basin in island as aforesaid ; thence with an easterly curve of six hundred and thirty-five feet radius, tangential to the line last named, to a point two hundred and eighty-five feet south of end wharf at Point Airy, as now

constructed ; thence with a curve to the northward of six hundred and forty-five feet radius, tangential to and to a point in line of wharfing now constructed upon the eastern side of said island ; thence by and along said wharf and its line extended, and also around and along the south line of wharf in thoroughfare, and projecting wharf on south side of said thoroughfare at western entrance, to the place of beginning ; and in conformity with a plan made by authority of the Select and Common Councils of said City, and under the direction of the Chief Engineer and Surveyor, which plan is made a part of this ordinance, and shall be deposited among the archives of the City in the Department of Surveys, and a copy of said plan, verified by the Chief Engineer and Surveyor, shall be deposited in the office of the Board of Port Wardens, and the said wharf line shall henceforth conform, in all respects, to the figures on said plan.

SEC. 2. Prior to the commencement of any new wharf, or to the extension of any wharf, the correct lines shall be furnished by the District Surveyor, who shall be entitled to receive a fee, in advance, of two dollars for each and every ten feet width of wharf, and who shall prepare a minute and detailed plan of the location of said wharf, for the owner thereof, and shall deposit a duplicate thereof in the Department of Surveys ; and on application to the Board of Port Wardens for a permit for the construction or extension of a wharf, a minute and detailed plan of survey of said wharf shall be furnished the said Board, to be filed in their office.
